Kane County Court Services

16th Judicial Circuit State of Illinois

2022 Annual Report

The following report is respectfully submitted to the Courts, County Board, and citizens of the Sixteenth Judicial Circuit. Its contents reflect the significant efforts of all Court Services staff in providing quality services to court-involved minors and adult offenders.

Lisa J. Aust, Executive Director Court Services

Dr. Alexandra Tsang, Director Kane County Diagnostic Center

Michael J. Davis, Superintendent Juvenile Justice Center

aTanya Hill, Director Court Services

Emily Saylor, Director Court Services

Amy L. Sierra, Assistan Superintendent Juvenile Justice Center

Kyle Grenfell, Program Manag Court Services

Josh Osborn, Program Manager Court Services

Victor L. Rivera, Operations Manager Juvenile Justice Center

<u>A NOTE FROM THE EXECUTIVE DIRECTOR</u>

There are certain benchmarks in life that mark the beginning of one chapter and the closing of another, but often these events happen without us realizing in the moment their significance. The COVID pandemic ushered in a new way of thinking about oversight of individuals, and coordination of services – not just at our local department, but state wide as well. I predict that in five years we'll look back at the pandemic and realize just how pivotal this moment is.

The Administrative Office of Illinois Courts (AOIC) has begun to emphasize standardizing probation, pretrial, and detention practices and has expanded its workforce in order to have more oversight. I believe this was largely because we shifted to remote meetings and technology has allowed us to gather stateside at a moment's notice. We no longer need to spend hours driving through empty cornfields for implementation meetings or to observe and talk to other departments. Now, the AOIC has frequent informational meetings and trainings. We can more easily compare practices, resources, and client outcomes. While this has greatly increased the efficiency of trainings and communications, it has also really brought home the discrepancies in services and implementation of best practices around the state.

I'm starting my third and final year in my role as Chair of the Probation Advisory Board to the Illinois Supreme Court and this has given me a unique perspective in watching this unfold in real time, including high level policy development, creation and deployment of new standards, and then implementing those standards locally and adapting to the changes in oversight.

Our Court Services department continues to lead in our field and many of the changes that AOIC is implementing state wide are the result of our department's success. We have embraced and lead the way on many of the community corrections reforms taking place, especially in pretrial services and at the JJC, our detention facility.

I'm proud of our department and our staff, who are essential employees and have proven their value time and time again. Their dedication to the clients throughout the pandemic has been remarkable and we have many success stories to point to.

The list below of our management team and their leadership and committee work is impressive. The data in the following pages illustrates our commitment to our clients and furthering their quality of life and reducing recidivism. I welcome your feedback on our work.

Court Services is charged with providing services by the **Probation and Probation Officers Act** (statute 730 ILCS 110), the **Juvenile Court Act** (705 ILCS 405), and the **Pretrial Services Act** (725 ILCS 185). We work with both adults and juveniles under the jurisdiction of the court, everything from arrest through completion of sentences of supervision. The three main units within the Department include Probation and Pretrial, the Diagnostic Center (KCDC), and Juvenile Detention (JJC). KCDC provides psychological assessments and therapeutic services in support of the courts, Sheriff, Merit Commission, and probation services. The JJC houses juvenile offenders pending court or sentenced from seven regional counties.

• Pretrial Services Committee Co-Chair

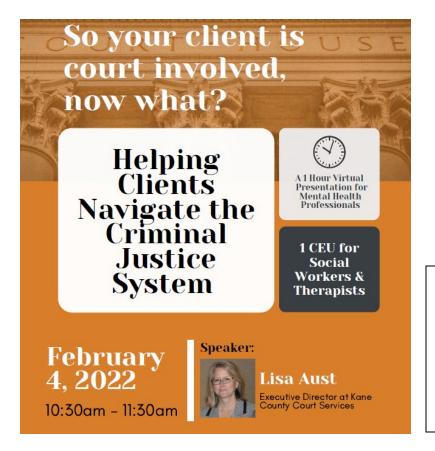

In 2022, JJC Superintendent Mike Davis had the honor of being involved in a joint House and Senate Behavioral and Mental Health Subject Matter Hearing to discuss the psychiatric needs of detained youth.

Last summer, KCDC Director Dr. Alexandra Tsang (far right) joined Good Morning Aurora's Facebook live stream to discuss public safety and the criminal justice system. The event also spotlighted Kane County Sheriff Ron Hain (far left) and State's Attorney Jaime Mosser (middle).

Every year, the American **Probation and Parole** Association (APPA) promotes National Pretrial, Probation, and Parole Supervision Week. Our staff opted for a service event as part of the weeklong festivities. A friendly food drive competition between all three of our probation offices resulted in several hundred pounds provided to Aurora Interfaith Food Pantry and Two Rivers in Elgin. Staff from our winning Aurora Field Office proudly loaded their donations at the end of a great week.

Developing and sustaining effective working relationships with local service providers allows us to better connect our clients with high-quality treatment. Executive Director Lisa Aust seized an opportunity to do so last year.

COURT SERVICES DEPARTMENTS' MISSION STATEMENTS

Probation Division

The mission of the 16th Judicial Circuit Court Services is to serve the community by promoting positive behavioral change utilizing proven methods to increase public safety.

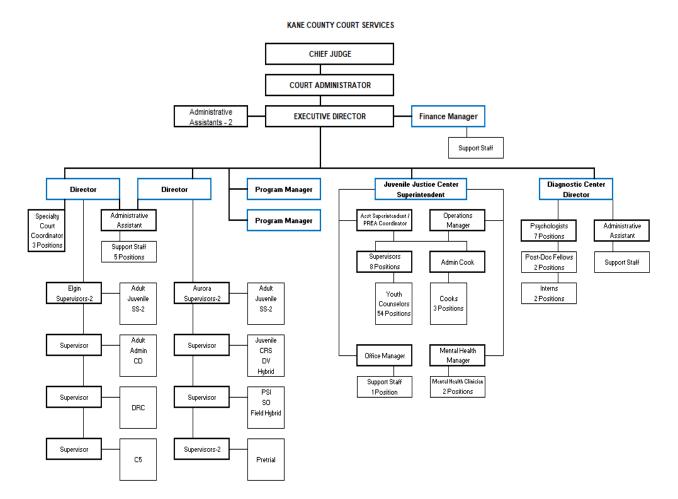

Juvenile Justice Center

Service youth by providing an educationally conducive environment, which is secure, based on legal standards and community values.

Diagnostic Center

To provide necessary and relevant psychological services to the Court, its agencies and the community in accordance with the ethical principles of the American Psychological Association and to continually increase the skill and knowledge of the staff in providing these services.

KANE COUNTY COURT SERVICES CHARTER FOR EXCELLENCE

The mission of the 16th Judicial Circuit Court Services is to serve the community by promoting positive behavior change utilizing proven methods to increase public safety.

Our goal is to assist in the fair administration of justice and provide continuity of services throughout the judicial process.

We are outcome driven and strive to make our communities safer and to make a positive difference in the lives of those we serve.

We achieve success through interdependence, collaboration, and local innovation. We are committed to excellence as a system and to the principles embodied in this Charter.

We are a unique profession.

Our profession is distinguished by the unique combination of:

A multidimensional knowledge base in law and human behavior;

A mix of skills in investigation, communication and analysis;

A capacity to provide services and interventions from pretrial release through post-conviction supervision;

A position of impartiality within the criminal justice system; and A responsibility to positively impact the community and the lives of victims, defendants and offenders.

These goals matter most.

Our system strives to achieve the organization goals of:

Upholding the constitutional principles of the presumption of innocence.

An affirmative and ethical obligation to provide equal access to services and equivalent treatment for all

regardless of race, color, religion, gender, gender expression, age, national origin, disability, marital status,

or sexual orientation.

Affording pre-trial interventions that balance community safety and risk of non-appearance with the

protection of individual liberties.

Providing objective investigations and reports with verified information and recommendations to assist the court in making fair pretrial release, sentencing and supervision decisions;

Facilitating success with court ordered conditions through community based supervision and partnerships;

Encouraging long-term, positive changes in defendants through proactive interventions; and Promoting the fair, impartial, and just treatment throughout all phases of the system.

We stand by these values.

Our values are mission-critical.

Act with integrity while treating everyone with dignity and respect.

Promote fairness in process and excellence in service to the courts and the community. Demonstrate commitment to and passion for our mission while being responsible and accountable.

Be effective stewards of public resources. Work together to foster a collegial environment.

COURT SERVICES COMMITTEES 2022

QUALITY OF WORK LIFE – This standing committee is a provision of the Teamsters Collective Bargaining Contract. The purpose of the committee is to promote better day-to-day labor and management relations. Membership includes probation and JJC personnel.

Kyle Grenfell Lydia Zoloto

Nicole Robinson Amy Reinert

Krista Larson Jared Weiser

CBT COMMITTEE – JJC staff are consulted to explore ways to improve the consistency and knowledge of the CBT program and make recommendations toward improving outcomes and ensuring that residents benefit and grow from participating in CBT.

Durin Caplan Pam Ely

Jessica (Szabo) McKinney Amy Sierra

JJC SAFETY COMMITTEE – Chaired by the JJC assistant superintendent and comprised of two youth counselors and two supervisors, one of each selected by the union and by JJC management, and the union steward. This committee is convened on an as-needed basis and acts as a fact-finding, exploratory and advisory group to the superintendent.

Monika Chlopek Wesley Davis

Stephanie Sauriol Amy Sierra

Jared Weiser Emilio Mejias

PROBATION SAFETY COMMITTEE – This committee was formed to discuss and address safety concerns that Probation Officers may have while completing their job duties. The membership of the committee consisted of a supervisor and at least one probation officer from each of the offices. The committee was broken into four different sub-committees to address specific needs: Home Visit Safety, Office Safety, Training, Policy and Procedure.

Dan Gates (chair) Rocio Murillo

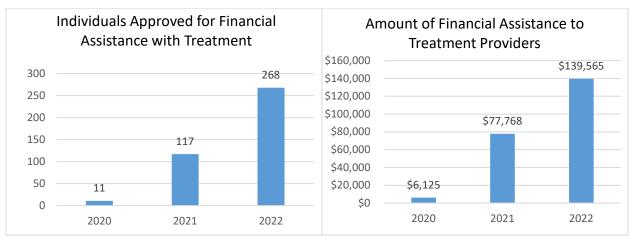

Jason Mathis Lydia Zoloto

Josh Osborn Dave Brach

Kim Reed Sara Leetch

Molly Pickens Sara Fair

Probation Highlights from 2022

Often, violations of probation are not willful. Inability to pay is one of the most common barriers that can prevent our clients from engaging in court ordered services. In late 2020, Court Services started using probation fees to assist clients with their out-of-pocket costs for treatment. Payments are sent directly to the treatment provider. Additional highlights from last year are listed below.

- Active member of the 16th Circuit Court SAFE-T Act Implementation Task Force
- Implemented Core Correctional Practices (CCP)
- Promoted four (4) probation officers to senior staff positions
- Promoted two (2) staff to supervisor positions
- One (1) supervisor promoted to Court Services Finance Manager
- One (1) supervisor promoted to Deputy Court Administrator
- Provided financial assistance to nearly 270 clients for mental health, substance abuse, anger management, and domestic violence counseling
- Convened an Evidence-Based Practices Committee for vetting of new service providers
- Assisted with the development of DUI Specialty Court
- Nine (9) specialty courts participants completed Moral Reconation Therapy (MRT)
- Sixteen (16) individuals successfully graduated from Drug Rehabilitation Court (DRC)
- Three (3) individuals successfully graduated from Treatment Alternative Court (TAC)
- One (1) individual successfully graduated from Veteran's Treatment Court (VTC)
- Increased adult caseload positions in Elgin and Aurora field offices
- Continued with an increased usage of remote and field contacts with clients despite withdrawal of pandemic protocols

Goals for 2023:

- Assist with launch of DUI Specialty Court
- Implement CCP across non-traditional caseloads
- Begin process of transitioning to new case management system (CMS)
- Implement and maintain a juvenile MRT group

JJC Highlights from 2022

- Implemented reorganization plan
- Implemented a new juvenile intake system
- Updated the JJC's website
- Established resident council
- Added murals, replaced carpet and furniture in our ongoing effort to make the facility look less institutional
- Maintained intern agreements with local universities
- Obtained updated laundry equipment

Goals for 2023:

- Train all youth counselors and supervisors on Core Correctional Practices
- Improve retention and support for employees
- Implement and train all staff on statewide detention authorization tool when available
- Establish a dedicated therapy space
- Implement an electronic records system for mental health and medical records
- Implement a confidential communication network for the residents

KCDC Highlights from 2022

- Host the American Psychological Association (APA) for a site-visit to finalize accreditation for the internship program
- Continued telehealth capability with new policies and revised consent forms
- Continued providing the Kids1st Program virtually
- Updated all psychological testing
- Trained graduate level post-doctoral fellows and externs
- Provided training on mental health to various agencies
- Provided crisis intervention
- Created a Trauma Treatment room which is trauma informed as to design and resources

Goals for 2023:

- Complete the site visit from the American Psychological Association pending in order to finalize the APA internship accreditation of our doctoral level internship program
- Continue training for evidence-based practices
- Continue training interns and externs
- Provide trainings to Court Services and attorneys
- Continue updating and adding psychological assessments
- Continue offering telehealth when necessary
- Continue offering virtual Kids1st Divorce Parenting Program sessions
- Train two (2) staff in Eye Movement Desensitization and Reprocessing (EMDR)

PROGRAM PHILOSOPHY FOR THE DEPARTMENT

Departmental practices continue to be guided by the Eight Principles of Effective Interventions, which begin with assessing actuarial risk and need. Risk appraisals have been a part of offender supervision for over a century and have gained accuracy across several "generations" as more is learned about risk to reoffend. Now in the fourth generation or 4G, the most valid and reliable risk assessments:

- ✓ Measure unchangeable, *static* risk factors like age and criminal history
- ✓ Measure changeable, *dynamic* risk factors like attitudes, personality, and friends (also called crime-producing or *criminogenic* needs)
- ✓ Survey non crime-producing needs like transportation, lack of childcare, and low motivation (also called *responsivity*)
- ✓ Include a case management component that steers efforts towards the most pressing criminogenic needs

The Adult Risk Assessment-Community Supervision Tool (ARA-CST) and Juvenile Risk Assessment-Disposition Tool (JRA-DIS) encompass all four of the above criteria. Implemented in early 2019, these are the instruments used by Court Services to measure general risk to reoffend across adult and juvenile populations. Per departmental policy, the initial assessment is completed on new probationers within 70 days. In accordance with the risk principle, officers devote most of their efforts to individuals who score as moderate, high, and very high risk. Elevated risk to reoffend is met with more frequent contact both in the office and field. Officers routinely travel to meet their clients in various community settings. Ancillary assessments are done when the primary risk tool does not fully capture risk to reoffend. Applicants for specialty courts, sex offenders, and domestic batterers are subject to ancillary tools.

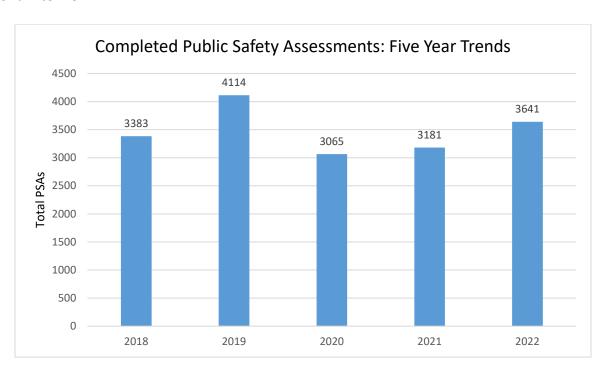

In alignment with the needs principle, officers engage in case planning wherein the goals and objectives are aimed at addressing criminogenic needs as identified by primary risk instrument. Primary needs like antisocial attitudes, personality, and peers are prioritized and addressed via evidence-based interventions like thinking reports/behavior chains, structured skill building, Carey Guides, and referrals to cognitive-behavioral programming. Probation officers also target secondary needs like education/employment, substance abuse, family, and lack of prosocial activities by linking individuals with job opportunities, schooling, and drug and alcohol treatment while steering them towards prosocial activities. Case plans are entered and updated in the University of Cincinnati Corrections Institute's online system.

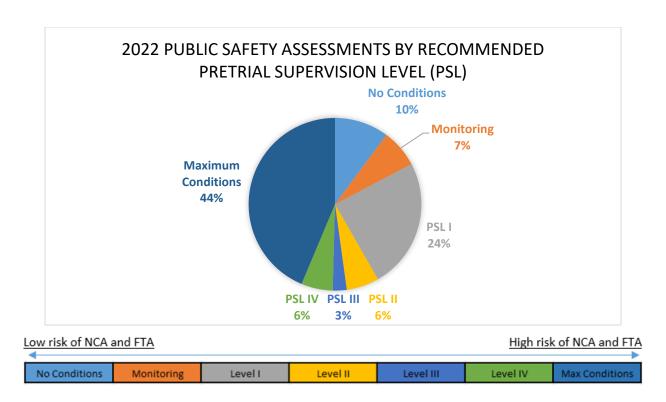

The responsivity principle directs officers to survey non crime-producing needs that may prevent the successful delivery of interventions geared towards crime-producing or criminogenic needs. As part of the risk assessment, officers will probe for responsivity issues such as lack of transportation and literacy. Such issues are taken into consideration as to avoid unrealistic goal setting. Empathy and individualized services are critical in risk reduction.

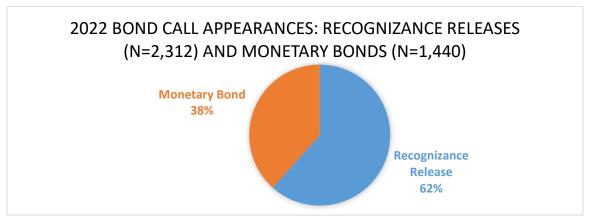

Pretrial Services - Kane County was selected by the Administrative Office of Illinois Courts (AOIC) to participate in a pilot of a new risk assessment tool, the Public Safety Assessment (PSA) from the Arnold Foundation. The PSA was implemented in January of 2016 and remains the sole pretrial instrument used by the department. The unit is staffed by eleven (11) full-time pretrial officers and two (2) supervisors.

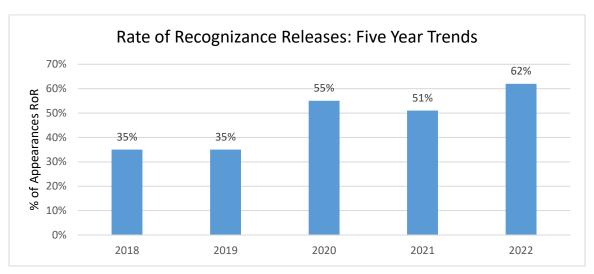

The presiding judge in bond call is provided with a PSA on every pretrial arrestee who appears in court. The instrument measures the likelihood of failure to appear (FTA) in court, new criminal activity (NCA), and new violent criminal activity (NVCA) if released pending trial. Each assessment recommends a level of supervision matched to the likelihood of success on pretrial release. Minimally, every defendant released on pretrial supervision receives an intake, court reminders, and regular checks for new arrests.

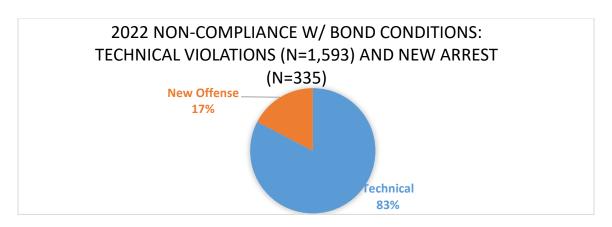

Pretrial officers will interview detainees and submit an in-depth court report to accompany bond reduction motions. Thereafter, bond interview reports are completed according to risk level with lowest risk receiving highest priority. The increased rate of recognizance releases – a trend that started when the pandemic hit – has decreased the number of inmates in need of a bond interview.

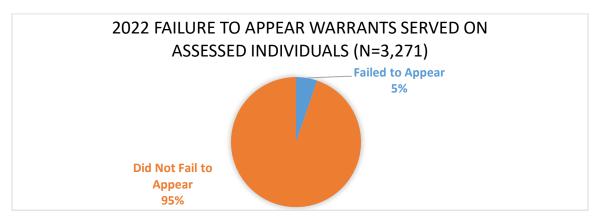

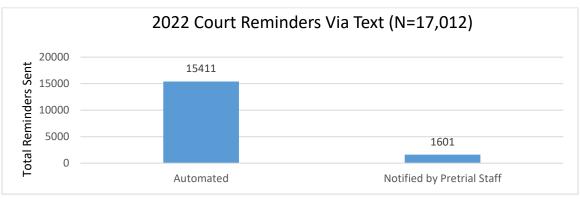

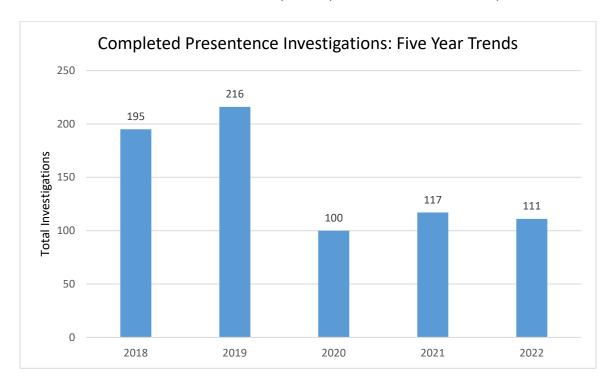

Pre-Sentence Investigations (PSI) Unit – This unit is comprised of two positions that are responsible for interviewing and submitting reports to the court used to make sentencing decisions. The presentence investigation includes the completion of a risk assessment that provides the court with risk and protective factors identified for a client. A full review of each client's criminal, work, education, and family history is also included in the report.

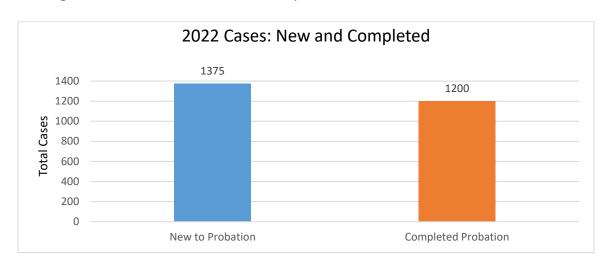

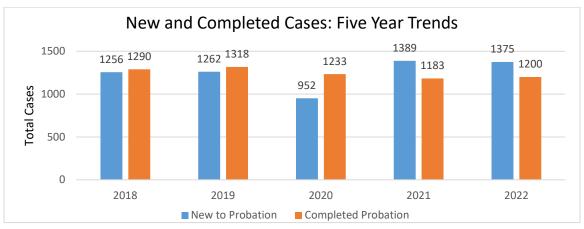

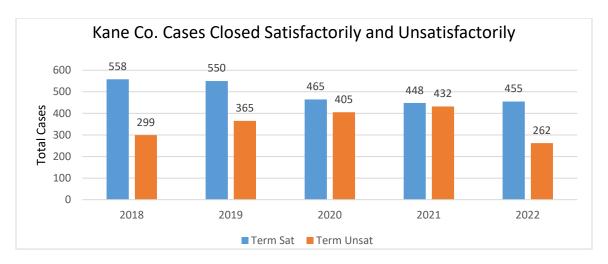

The first Tuesday of every August is marked by National Night Out (NNO). It's a time for police and local families to come together and have fun. In 2022, Kane County Sheriff Ron Hain hosted a NNO celebration and several supervisors from Court Services attended. Pictured from left to right: Pretrial Services Supervisor Jason Mathis, Detention Supervisor Crystal Zynda, and Sex Offender Program Supervisor Lindsey Liddicoatt.

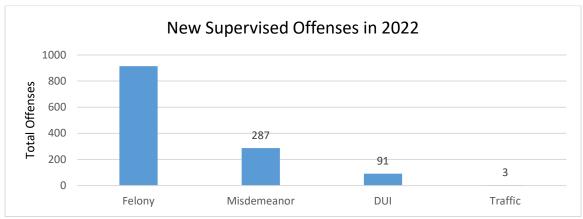

Adult Probation – As required by statute, adult probation officers investigate, supervise, and report on all individuals placed on probation. Officers do assessment-driven casework for the supervision component. Adult Risk Assessments (ARA) are completed on each probationer and updated when appropriate. For moderate-risk and above, officers continuously create case plans that steer clients towards interventions that will address their criminogenic needs. Clients are seen in both office and community settings.

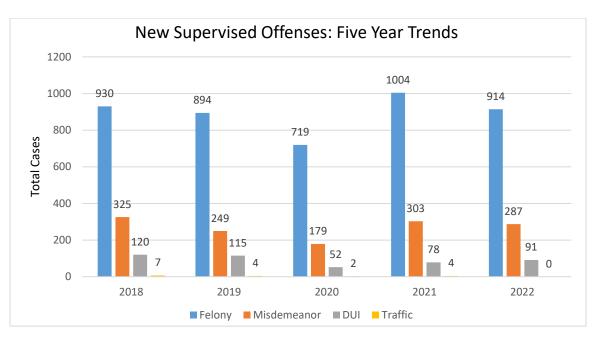

The use of graduated sanctions reduces the number of court appearances for technical violations of probation. Initial and less serious technical violations are typically met with a verbal sanction which may be a simple warning to stop an undesired behavior. For example, an officer may advise a client of the importance of consistent reporting after they have missed consecutive appointments. Repetitive and more serious technical violations trigger a written sanction which often imposes more intensive supervision strategies. For example, an officer increases urinalysis testing and reporting requirements after continual use of illicit substances. All written sanctions must first be approved by a supervisor. Once presented with a sanction agreement the client is advised that participation is optional. If the client opts to participate, the successful completion of a mutually agreed upon sanction negates the technical violation. Therefore, the non-compliance that prompted the sanction cannot be used in further proceedings as a basis of a formal violation of probation.

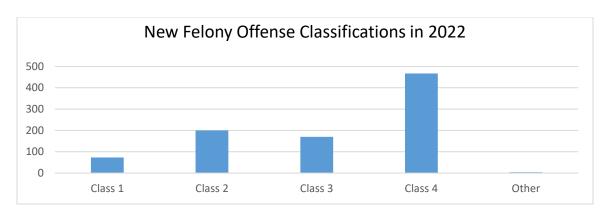

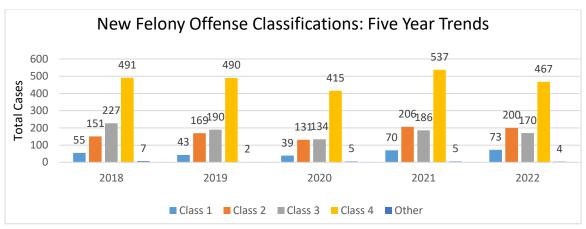

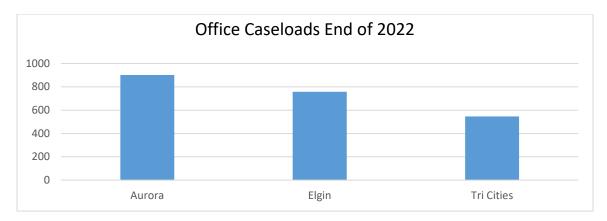

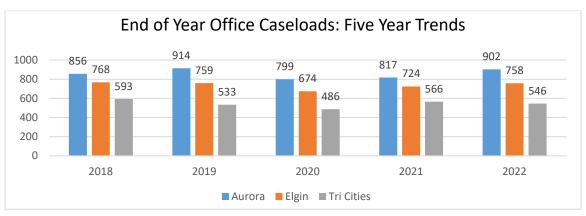

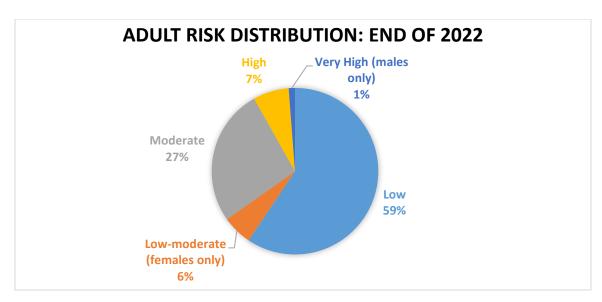

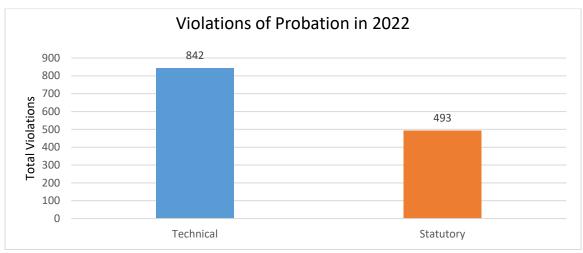

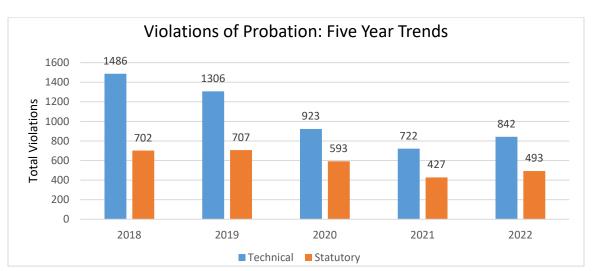

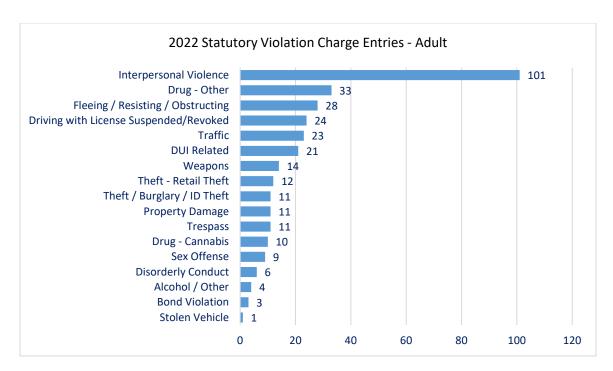

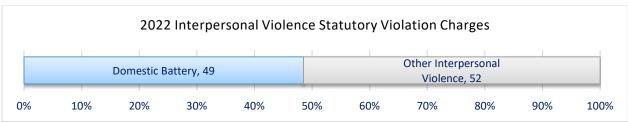

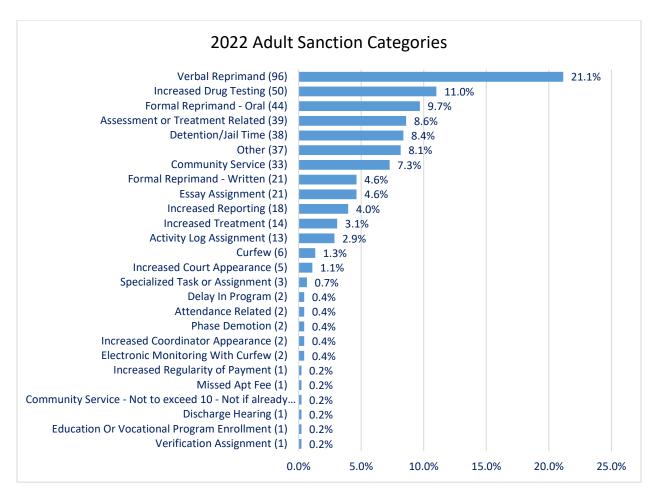

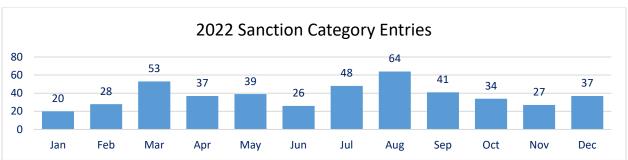

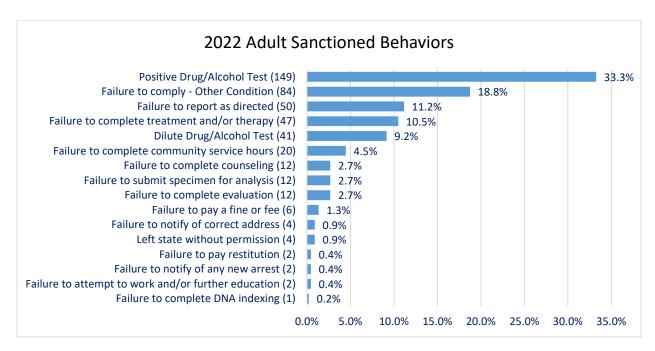

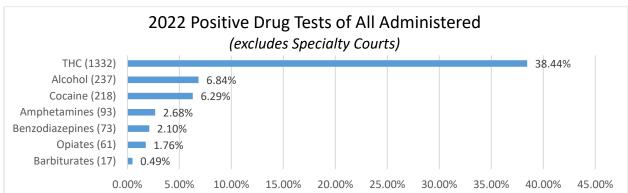

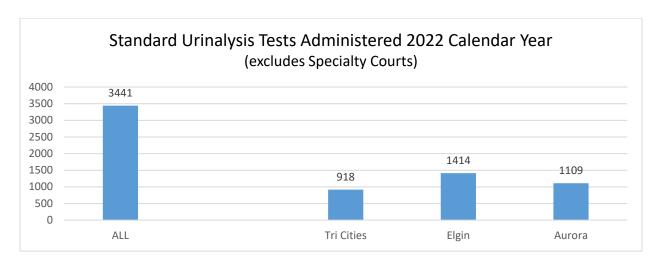

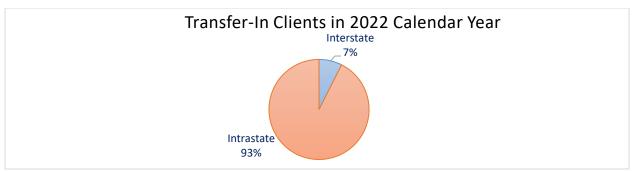

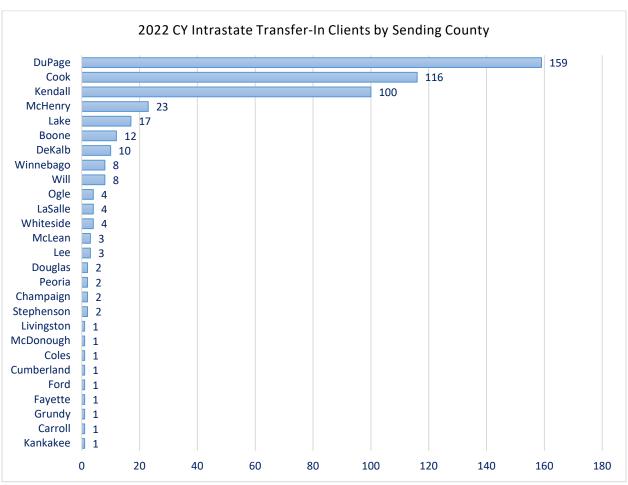

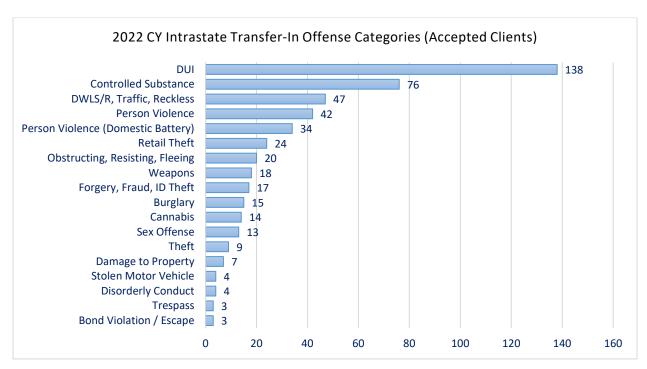

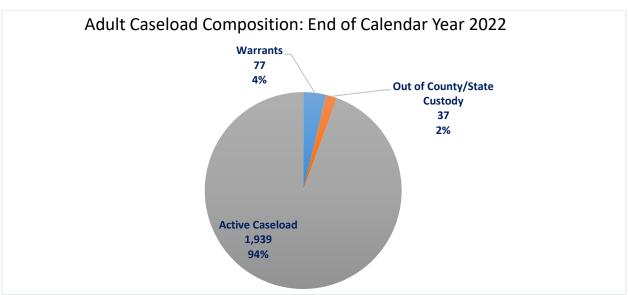

*Interstate cases originate from outside Illinois. Intrastate cases originate from within Illinois.

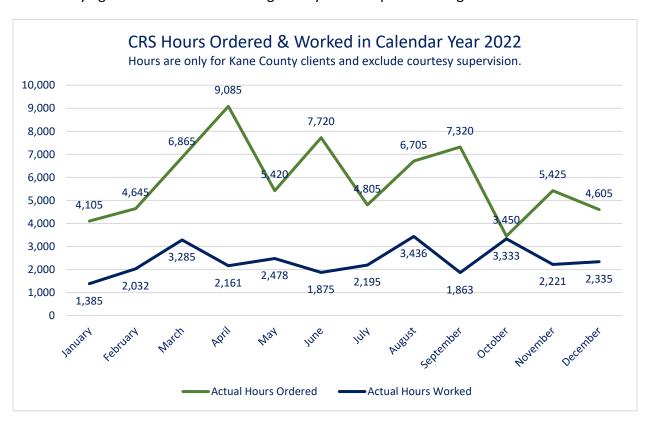

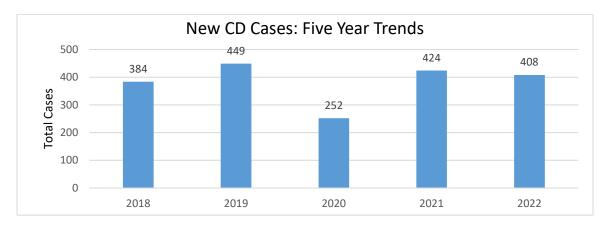

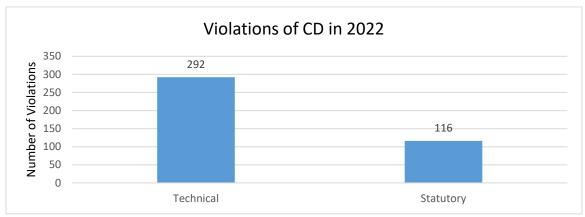

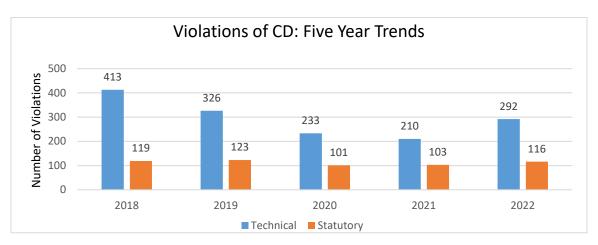

Community Restitution Services (CRS) Program – Adult and juvenile clients work at not-for-profit organizations in lieu of paying fines or as required by statute. The CRS Coordinators are located in the three Court Services' offices to increase accessibility. Their duties include recruiting worksites, training worksite coordinators, and scheduling appointments. All attempts are made to assign clients near their home or work to maximize the number of hours completed. Compliance is reported to the sentencing court via court reports. Court Services is experiencing a decrease in active sites due to liability issues and stringent restrictions by community agencies based on the charges they will accept at their agencies.

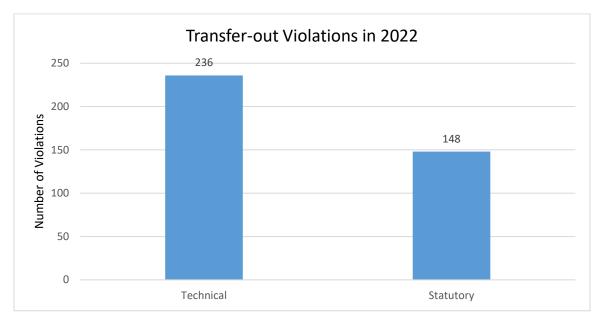

Conditional Discharge (CD) Program – Conditional Discharge is a sentencing option used by the court for certain clients that the court has determined do not require regular probation supervision but have been ordered to meet certain obligations as a condition of their sentence. The Conditional Discharge officer meets with these clients twice during their court ordered term in order to monitor and report to the court whether their ordered conditions have been fulfilled. Conditions may include completing CRS hours, attending Victim Impact Panels, going to therapy and paying fines and fees. At the end of a client's term, a Termination Report is sent to the court reflecting the known status of all conditions ordered. At the end of 2021, approximately 447 CD cases were on warrant status which includes cases from previous years.

Administrative Caseload Unit (ACU) – This unit was created to help relieve the Adult Field Services Unit of administrative casework. The ACU is comprised of three officers at the Judicial Center whose primary responsibility is to collaborate with probation officers in other counties and states to monitor the compliance of clients residing outside of Kane County. This unit is also required to adhere to AOIC and interstate compact standards pertaining to transfers and supervision. Additionally, this unit is responsible for interviewing immediate transfer-out probation cases. ACU officers provide updates to the court, however they are limited in their ability to provide administrative sanctions as cases are supervised by another jurisdiction.

Sex Offender (SO) Program – Adult clients ordered to sex offender conditions are supervised by this program and are subject to additional monitoring and surveillance. All clients are individually staffed by the probation officer, community treatment provider, and the Director of the Kane County Diagnostic Center (KCDC) to determine the supervision level of the client based upon risk. The supervision level is based upon the ARA assessment, ancillary tools validated to determine risk for this population, and input from the client's treatment provider concerning compliance. The ancillary tools utilized to assist in identifying risk in this population are the Stable 2007 and Static-99.

Using the containment team model, case coordination and increased communication between the supervising probation officers and the contracted treatment provider minimizes the ability of these offenders to hide violations of their probation terms and improves the team's ability to identify behaviors indicating an increased risk to re-offend.

Kane County remains actively involved with the Illinois Sex Offender Management Board (SOMB), which began in 2001. Kane County continues to experience a growing number of offenders convicted of Failure to Register as a Sex Offender, including those who have served prison sentences for their original sex offense conviction, and are failing to continue to register correctly upon release from parole. We anticipate that as registration mandates continue to increase and change we will continue to see an increase in the clients supervised for this offense, which will likely mean we'll need to modify how we supervise these individuals.

Keeping with tradition, one staff member was recognized as "Probation Officer of the Year" in a majority vote by their peers. Krista Larson of the Adult Sex Offender Program was the proud recipient. The press release on the next page spotlighted her "above and beyond" efforts to help those around her.

For Immediate Release

Date: July 20, 2022

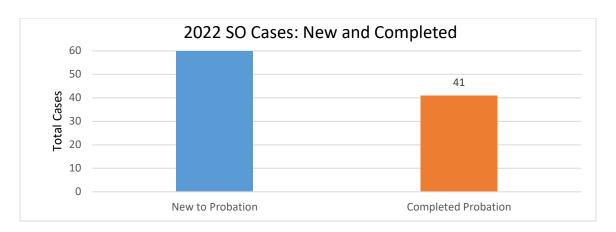

"Probation Officer of the Year" Awarded in Celebration of National Pretrial, Probation, and Parole Supervision Week

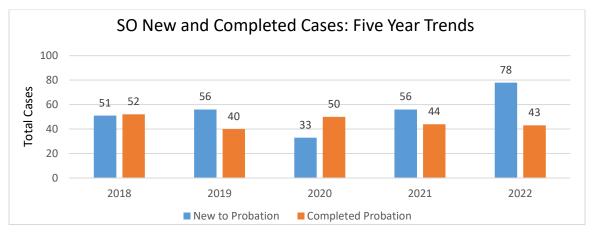

The American Probation and Parole Association (APPA) recognizes the efforts of community corrections professionals in a week-long celebration every year. July 17-23 marks the 2022 National Pretrial, Probation, and Parole Supervision Week. Kane County Court Services participates in the APPA event by providing luncheons, team-building festivities, and often a service event that benefits residents of the local community. The department also recognizes one staff member whose service record goes above and beyond the normal call of duty. This individual is presented with the "Probation Officer of the Year" award.

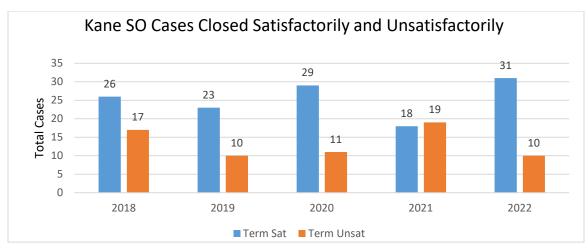

This year, Krista Larson was recognized as Probation Officer of the Year in a majority vote by her peers. Since beginning her career with Court Services in 2007, Ms. Larson has continually stepped beyond the typical duties of her position. She voluntarily facilitated "Thinking for a Change" – a cognitive-behavioral treatment group – on a weekly basis for both adults and juveniles. Ms. Larson also *trained* some of her fellow probation officers as well as detention staff on how to facilitate this type of therapy. This required her to successfully complete a highly selective and intensive program in Colorado that ultimately certified her as a "Trainer of Trainers" by the National Institute of Corrections.

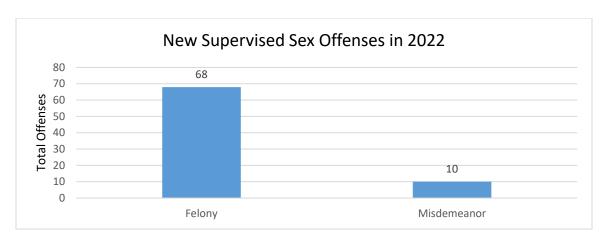

Presently, Ms. Larson supervises nearly 60 adults on probation for a sexually motivated offense. She started in the sex offender program in 2014 and is the longest tenured staff in that unit. As such, she is routinely shadowed by new officers, especially when meeting with clients out in the community and inside their homes. Ms. Larson is extremely resourceful when it comes to connecting people to the help they need and is passionate about working with the local homeless population. Court Services is proud of her contributions both in and out of the office.

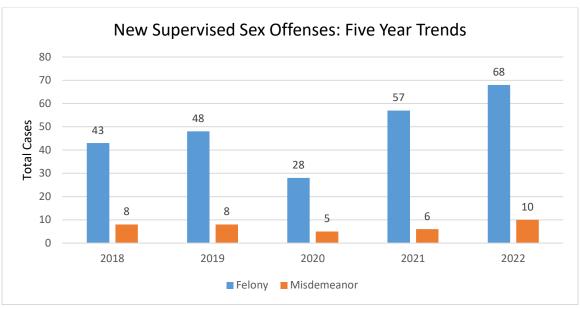

She was recognized before the Judicial and Public Safety Committee of the Kane County Board on July 14, 2022. The Honorable Clint Hull, Chief Judge of the 16th Circuit and Lisa Aust, Executive Director of Kane County Court Services presented her with this award.

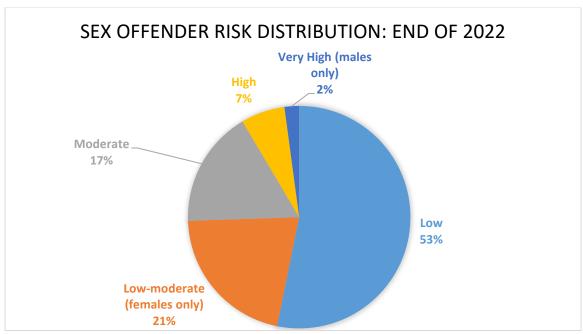

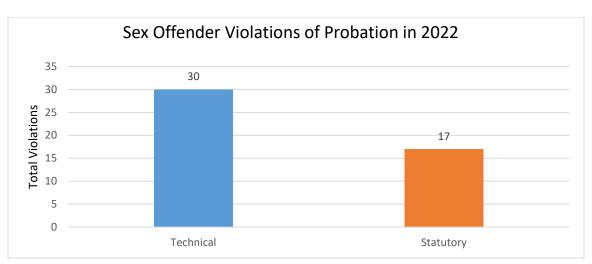

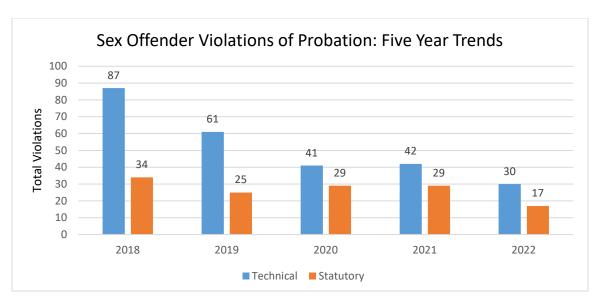

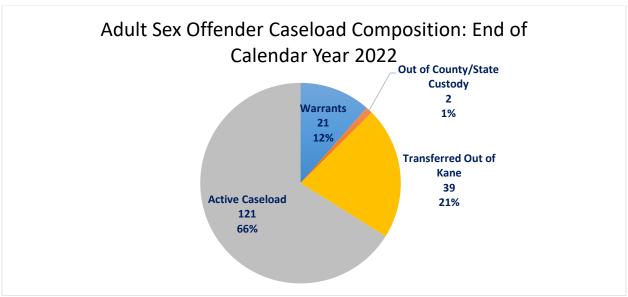

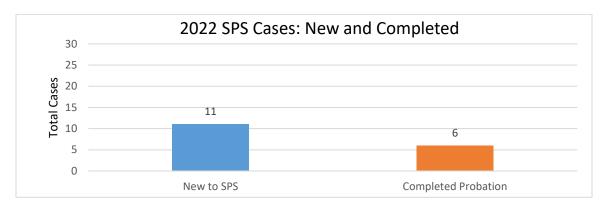

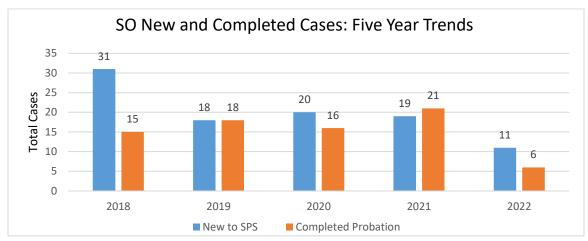

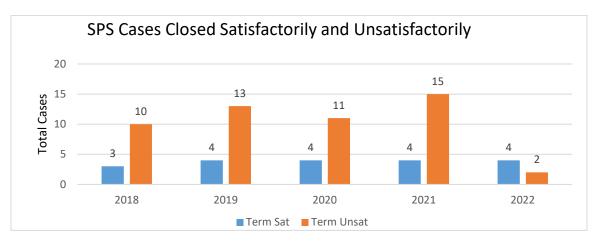

The sex offender unit attended the 2022 conference of the Illinois Association for the Treatment of Sexual Abusers (ILATSA). Pictured here from left to right: Supervisor Lindsey Liddicoatt, Adult Sex Offender Officer Aubry Turner, Adult Sex Offender Officer Rick Malek, and Juvenile Sex Offender Officer Phoebe Heather.

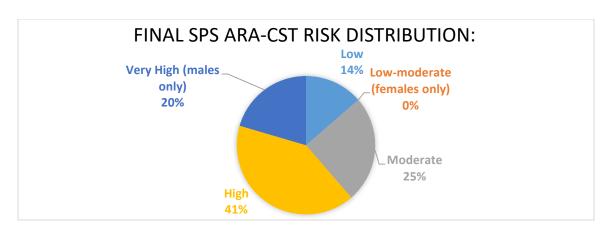

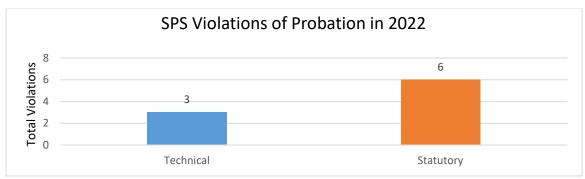

Specialized Probation Services (SPS) Program – A new program for high risk/high need clients was developed based on the approach used in the Adult Redeploy Initiative (ARI) to decrease the number of clients sentenced to the Illinois Department of Corrections based on technical violations. After the end of the ARI grant, services continued under the Specialized Probation Services (SPS) unit. The focus of Specialized Probation Services is to offer wraparound services to clients who have a pattern of non-compliance with their probation terms with the goal for the client to remain in the community and complete their probation. The SPS Program was dissolved in September per General Order 22-10. There was a greater need for adult caseload positions and staff were reassigned accordingly.

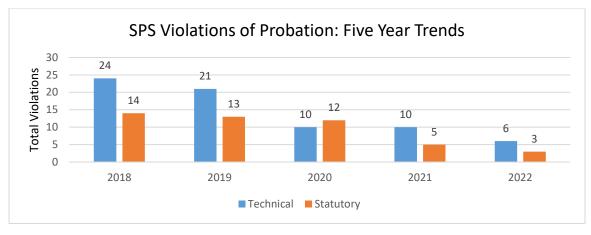

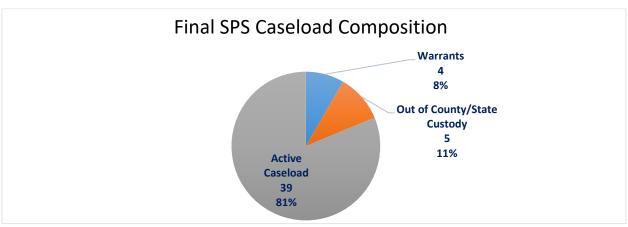

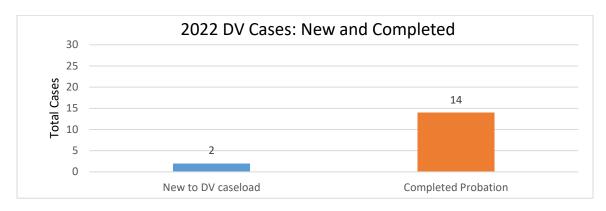

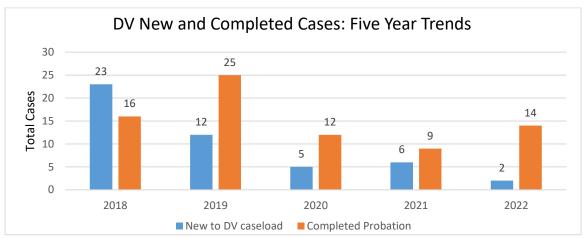

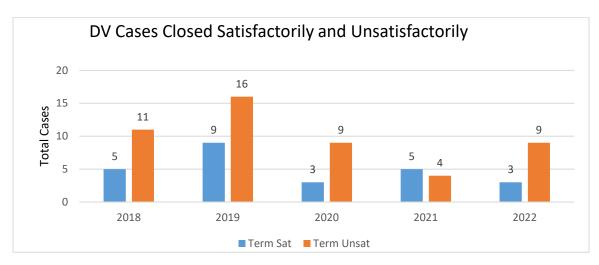

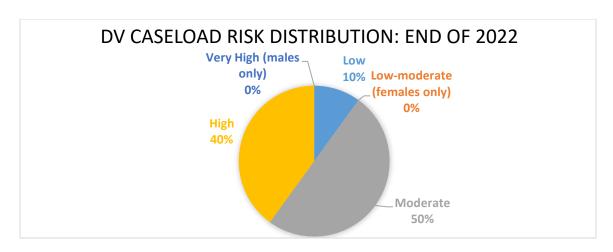

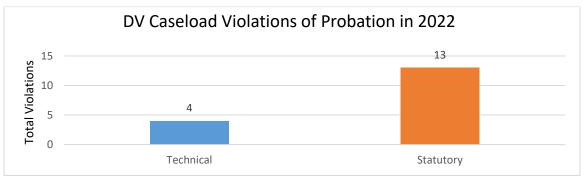

Domestic Violence (DV) Program – The Court Services Domestic Violence Program was implemented in 1998 to provide more intensive supervision for high-risk adult domestic batterers. This program maintains contact with the victim of the domestic abuse to ensure their safety and provide brokerage to victim services. Clients that complete treatment in an expeditious manner may be transitioned to a regular caseload.

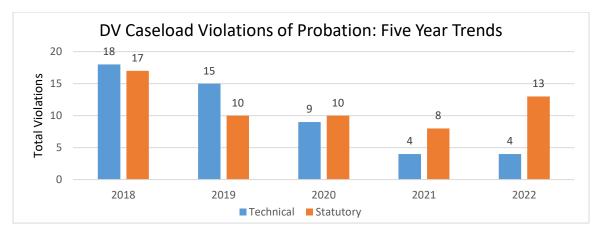

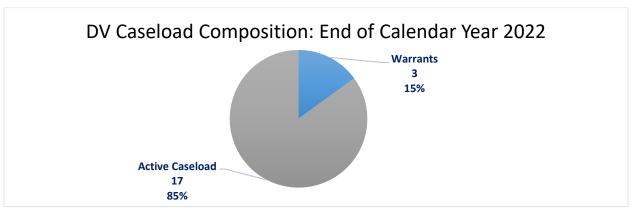

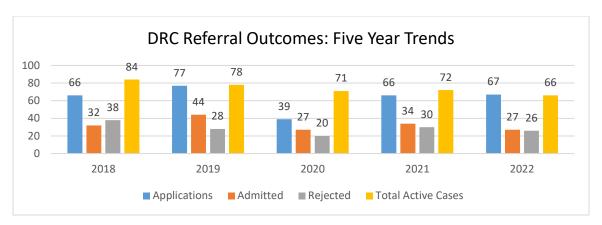

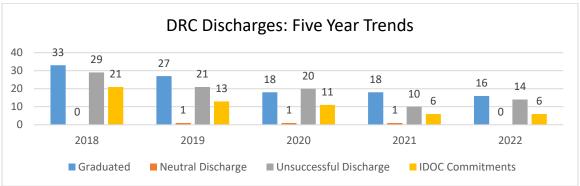

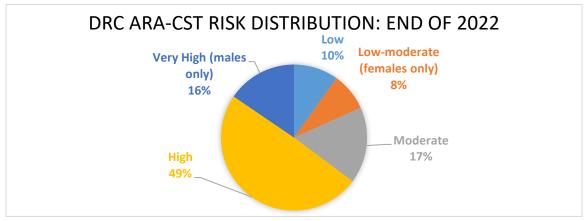

Drug Rehabilitation Court (DRC) – The Kane County Drug Rehabilitation Court (KCDRC) is currently in its 22nd year of existence. To-date, KCDRC has graduated 913 participants from the program. Graduations are held in May and October. There were sixteen participants that graduated in 2022. Judge Marmarie Kostelny is the Presiding Judge of the Kane County Drug Rehabilitation Court. In 2020, the court was awarded a three-year federal grant from the Bureau of Justice Assistance (BJA) in the amount of \$500,000. KCDRC partnered with three local treatment providers, Gateway Foundation, Abraxas Woodridge and LSSI Elgin to pay for residential treatment stays in full. In 2022, eighteen participants were placed in residential treatment under the grant, which allowed participants to enter treatment while their motivation was high. In addition, the grant will assist participants with sober living, medically assisted treatment as well as training for members for the KCDRC team.

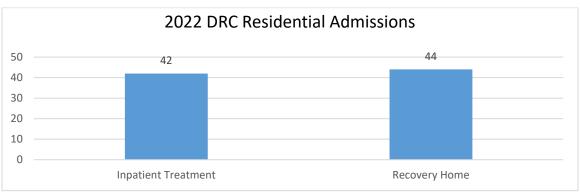

DRC is grateful for the 501(c)(3) nonprofit organization that was created for the sole purpose of supporting the specialty courts of the 16th Circuit. Members of this organization attended the annual holiday party last December. Pictured here on the far right, James Carr is president of the 501(c)(3). On his left are Jeffrey and Laura Jefko, fellow members of the nonprofit. Mr. Jefko is a retired Director of Court Services.

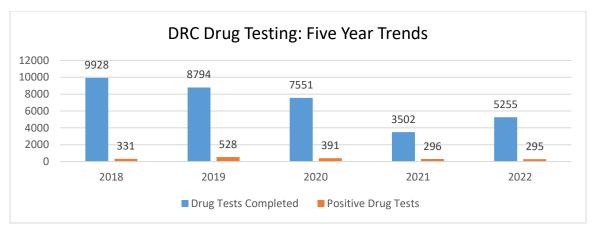

The Honorable Marmarie Kostelny delivered another memorable keynote address during the Fall DRC graduation.

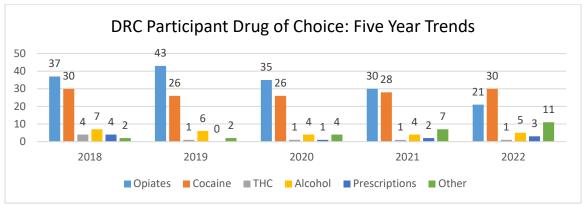

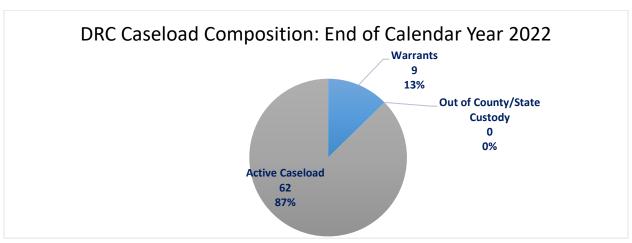

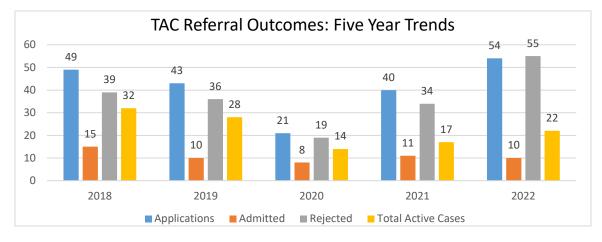

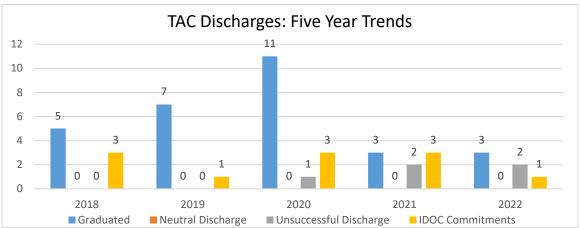

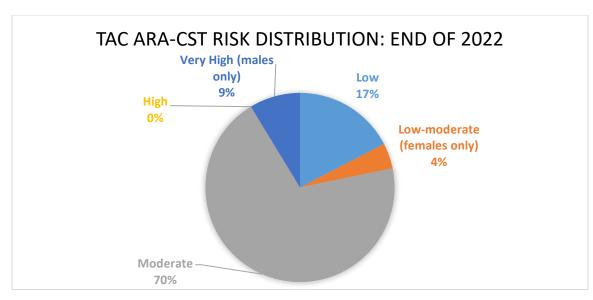

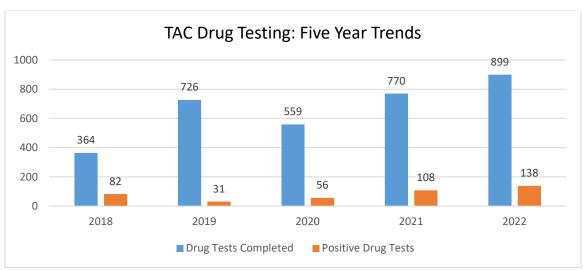

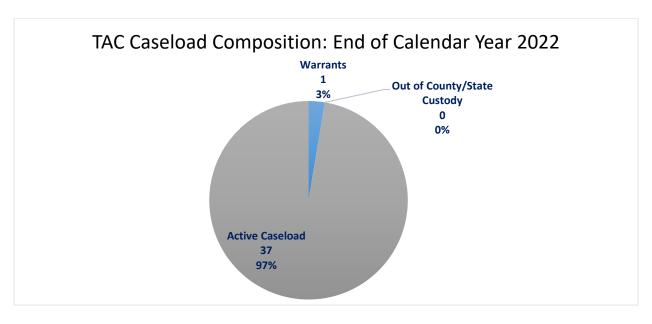

Treatment Alternative Court (TAC) – The Kane County Treatment Alternative Court began operation in February 2006, accepting the first participant into the program in April 2006. The mission of the Kane County Treatment Alternative Court (TAC) is to guarantee justice for criminal defendants with mental illness, co-occurring disorders, or developmental disabilities, to enhance public safety and promote the continuity of mental health care in the community. TAC is intended to be a systematic approach that brings together community based agencies to address defendant's needs and to provide comprehensive case management in an effort to reduce future criminal activity and incarceration in the Kane County Adult Justice Center. The defendants work closely with the court personnel and the treatment team to facilitate positive behavioral change and reduce criminal recidivism. Additional objectives of the program are to create effective interactions between mental health and criminal justice systems, improve public safety, and reduce the length of confinement of mentally ill defendants. To date, the TAC program has had 30 successful graduates. In 2021, the treatment team facilitated eleven (11) residential treatment admissions.

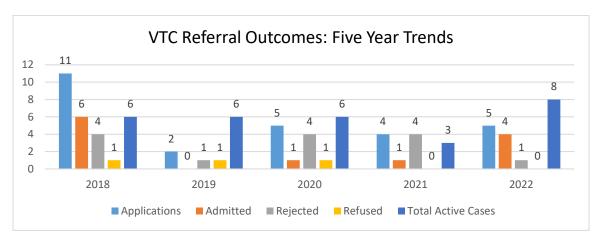

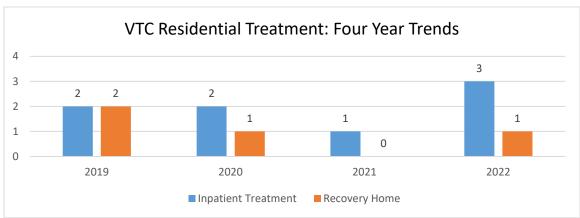

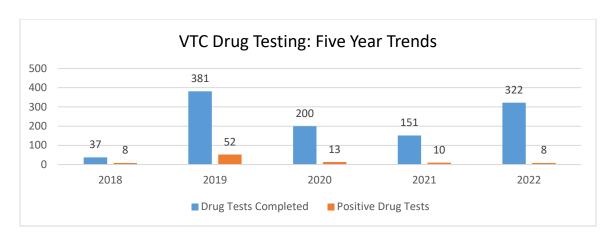

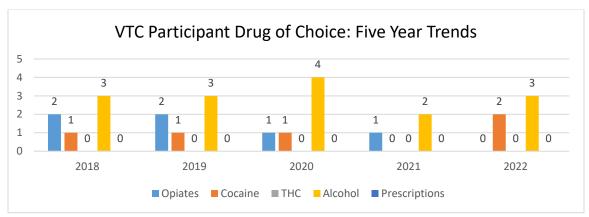

Veteran's Treatment Court (VTC) - Veteran's Treatment Court (VTC) began implementation in Kane County in January of 2018 and accepted our first participant in July of 2018. It is the intent of the General Assembly and the Kane County Veterans Treatment Court to provide a specialized veteran and service members program with the necessary flexibility to meet the specialized problems faced by veteran and service member defendants. It is the mission of the Kane County Veteran Treatment Court, established here under the provisions of 730 ILCS 167/1 et. seq. to accomplish these goals through an immediate and highly structured judicial intervention process for treatment of eligible defendants that brings together substance abuse professionals, mental health professionals, VA professionals, local social programs and intensive judicial monitoring in accordance with the Illinois Supreme Court Problem-Solving Courts Standards. One participant graduated from Veteran's Treatment Court in 2022.

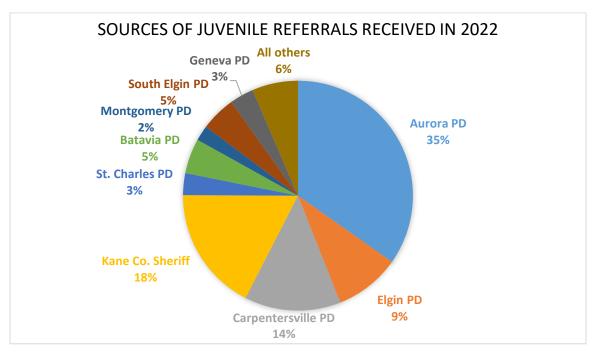

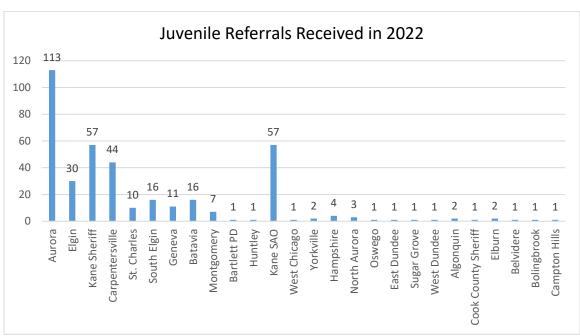

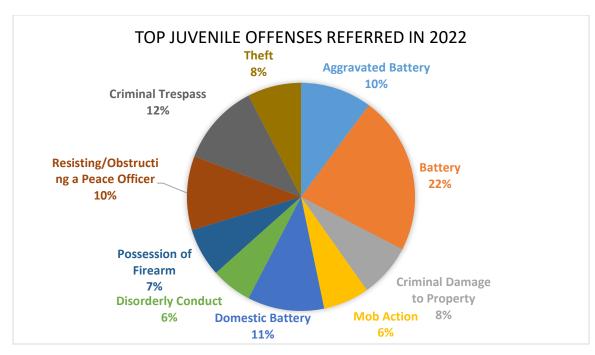

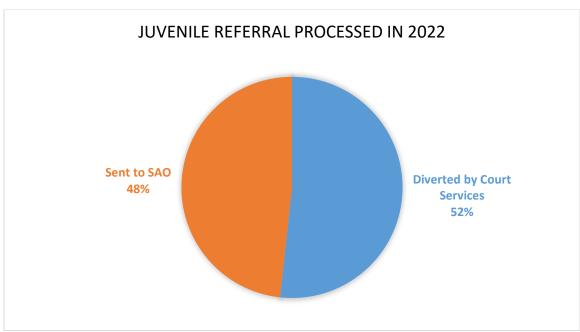

Team-building activities help keep morale high through the colder months. Last year, staff spruced up their work stations with Christmas décor. The Honorable Bradley David dropped by to "judge" the decorations.

Juvenile Diversion – Per the Juvenile Court Act and General Order 14-06, the probation department is the screening mechanism for all juvenile arrests. In compliance with the Juvenile Court Act, minors should be diverted from court proceedings when it is in the minor's and the community's best interest. Minors are diverted from those proceedings based on their risk to re-offend, willingness to accept responsibility for their involvement, and the seriousness of the allegation. Diversion decisions also include input from the crime victims and the referring police jurisdiction. Diversion contracts may last up to one year and some include mental health or substance abuse treatment in the community.

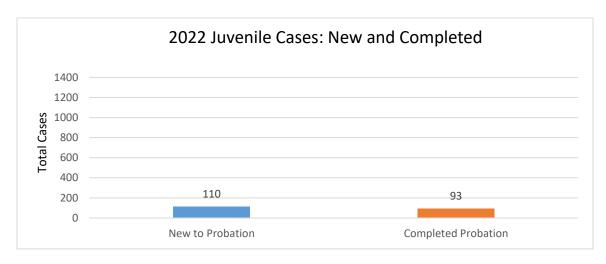

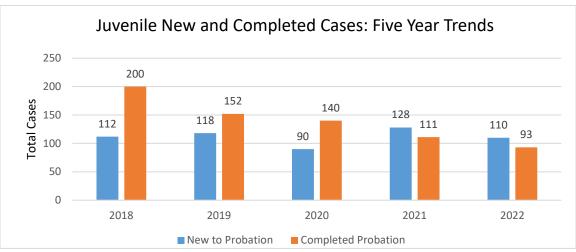

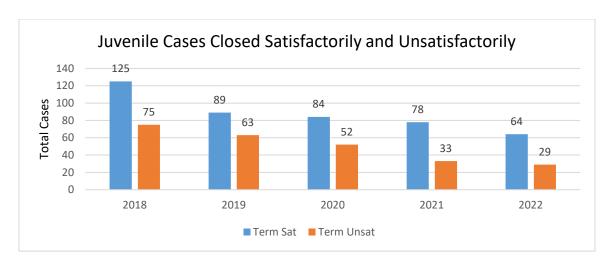

Juvenile Placement

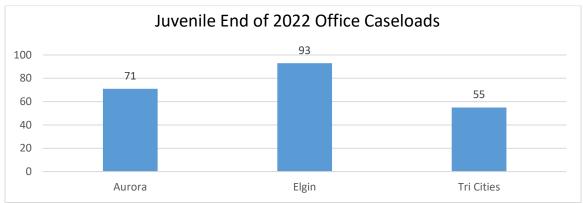

Per 705 ILCS 405/6-7(2) and the Juvenile Court Act, minors that are residents of Kane County can be placed into residential facilities per order of the Court in juvenile delinquency proceedings. Based on a review of the success of minors residentially placed, Kane County Court Services reserves recommendations for placement to minors that are experiencing mental health crises that are too severe for community treatment and for minors charged with serious sex offenses and treatment in the community is not sufficient to reduce re-offending. *In 2022, no juvenile residential placements occurred.*

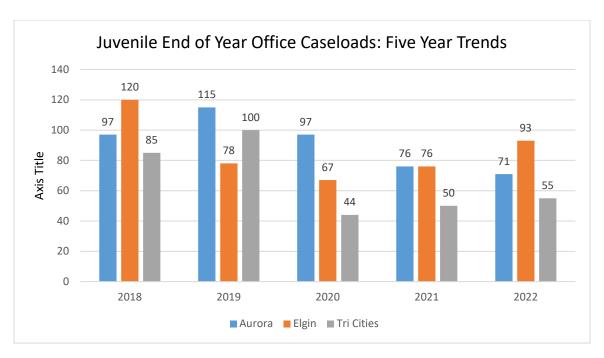

Juvenile Probation – Under the Juvenile Court Act, Juvenile Probation Officers assess, investigate, and supervise the compliance of minors placed on juvenile probation or court supervision. Juvenile Probation Officers regularly appear in court and complete Social History Investigations and Juvenile Court Reports to provide information to assist the court in determining the best course of action to encourage positive outcomes for justice-involved minors. Ten (10) Juvenile Probation Officers are stationed across three sites. Officers engage in assessment-driven casework whereby an initial Juvenile Risk Assessment (JRA-DIS) is completed on each youth and updated when appropriate. Juvenile Probation caseloads consist of mostly low and moderate-risk probationers with a small number of high-risk clients. For those assessed as moderate-risk and above, officers continuously steer clients to interventions that will address their unique needs. Officers engage juveniles and their families in office, school, and community settings.

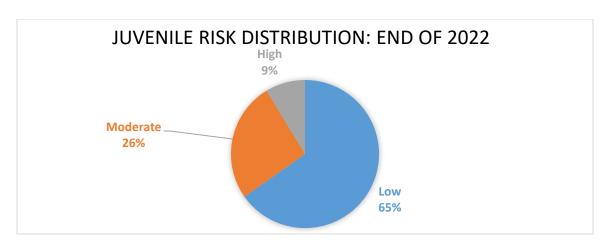

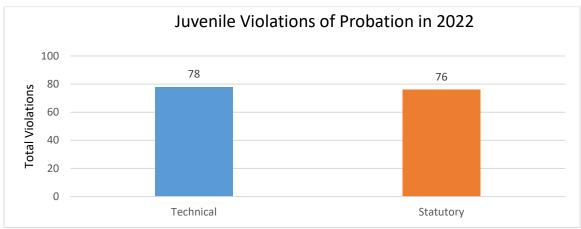

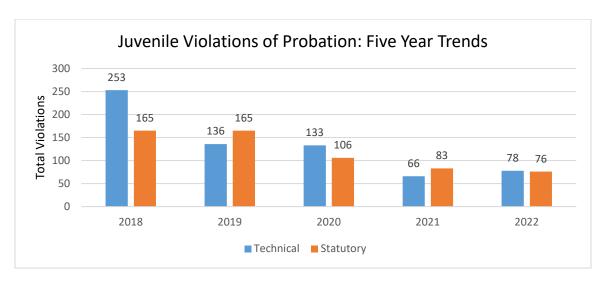

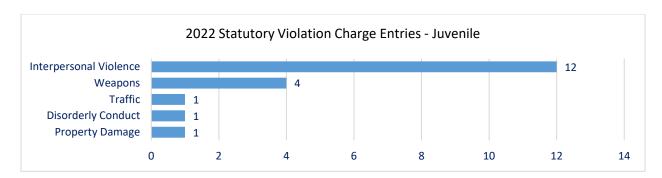

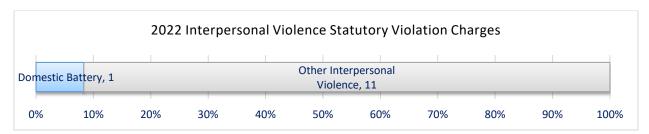

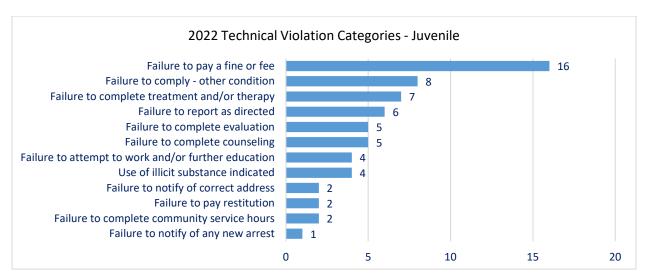

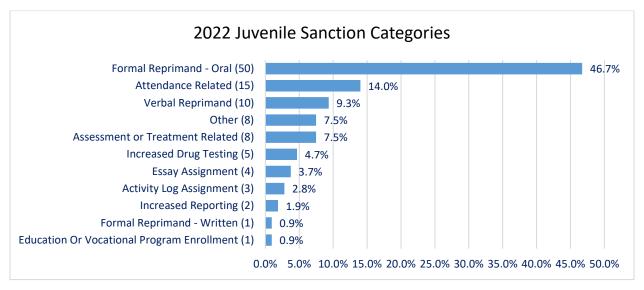

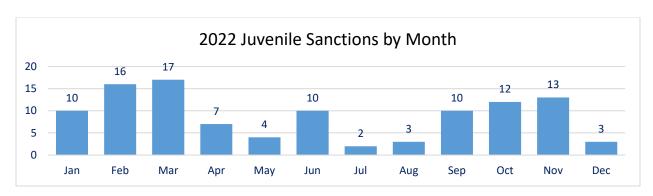

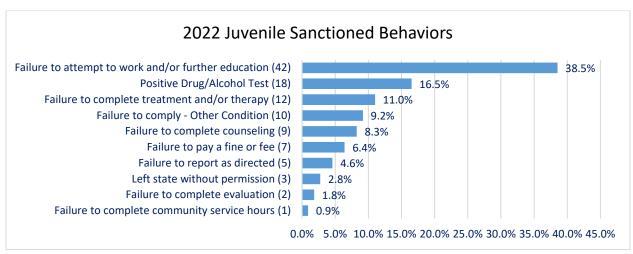

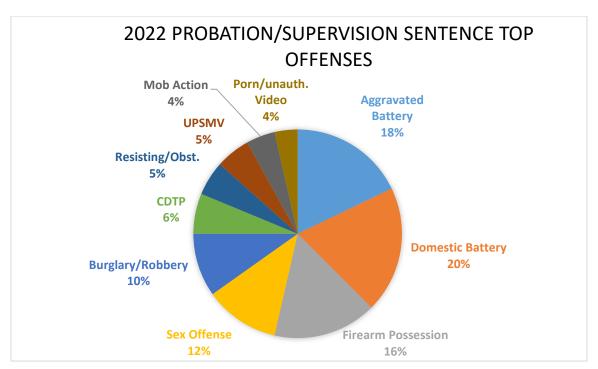

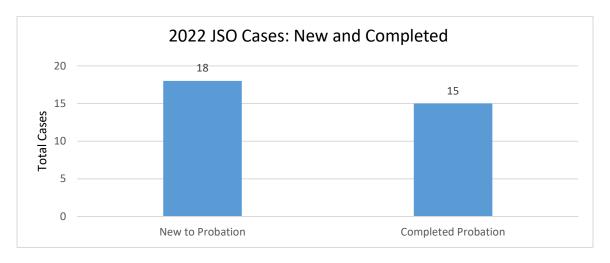

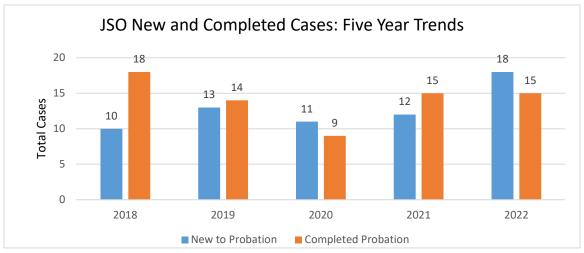

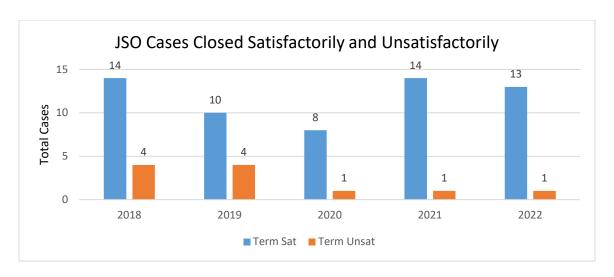

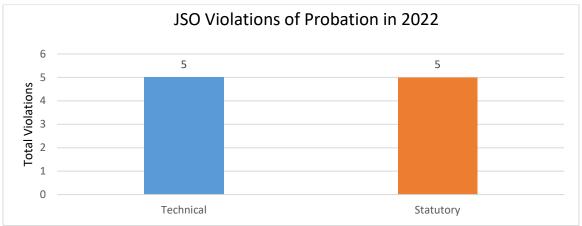

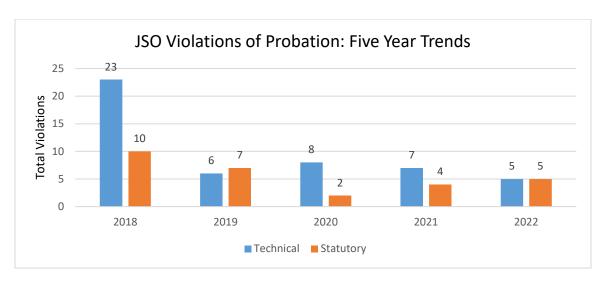

Juvenile Sex Offender (JSO) Probation – Juveniles supervised by this unit are referred by the Child Advocacy Center (CAC) for diversion or are placed under the court's jurisdiction for sex offender specific conditions. Based on the Juvenile Court Act, the CAC will screen eligible cases for diversion when it is in the community and the minor's best interest. The risk assessment mandated by AOIC is not validated to predict risk for juvenile clients committing sex offenses; as a result, supervision is based on the completion of a JRA, the sex offender evaluation, and input from the minor's treatment professional. If the JRA score is higher than the risk indicated by treatment, the JRA will dictate the level of supervision. Though not predictive of future reoffending, the PROFESOR checklist is also completed on juvenile sex offenders to enhance treatment planning. Supervision for this population is based on the containment team model which includes increased communication between the probation officer, the minor's family, school personnel, and the contracted treatment provider to identify any concerning behaviors or risk to re-offend.

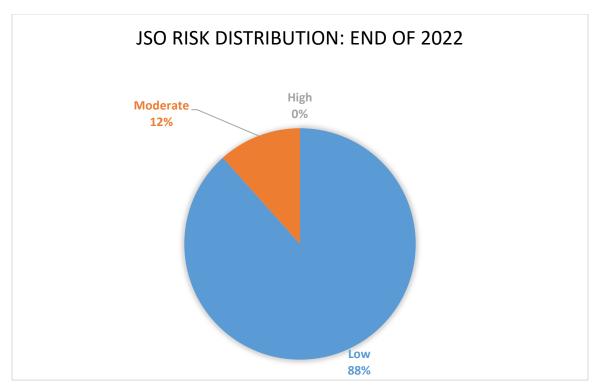

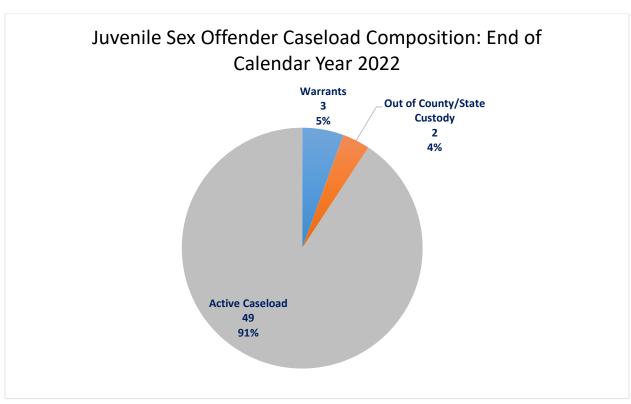

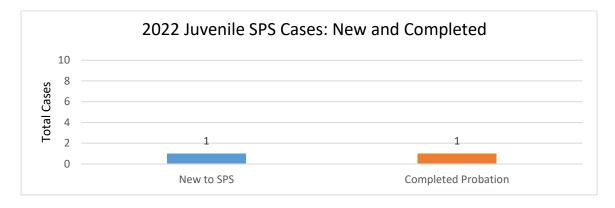

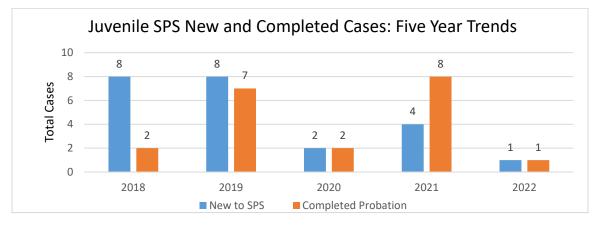

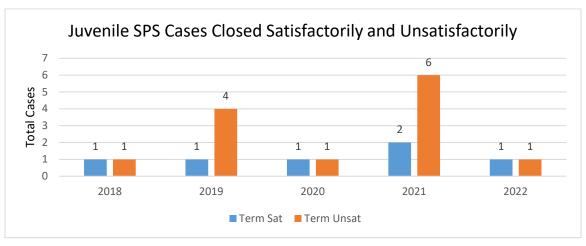

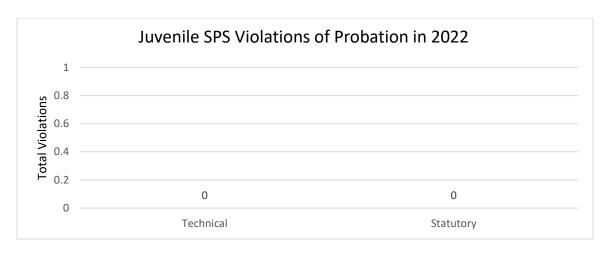

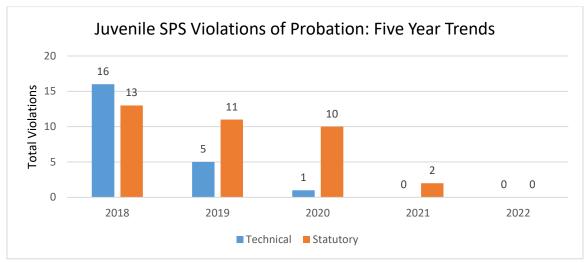

Juvenile Specialized Probation Services (SPS) Program – CAST was no longer offered as a sentencing option for juvenile clients as of October 1, 2015, per General Order 15-22 as the program approach was not evidence-based. A new program for high risk and high need juveniles was developed as part of the adult Specialized Probation Services (SPS) program. The focus of SPS is to offer wraparound services to clients and their families who have a pattern of non-compliance with their probation terms with the goal for the client to remain in the community and complete their probation. The SPS Program dissolved in September in response to the increased new for adult caseload positions.

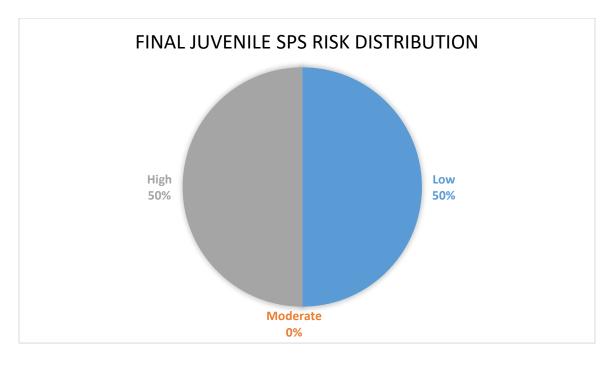

Detention/Juvenile Justice Center (JJC) – The Juvenile Justice Center opened on March 22, 1997. The eighty (80) bed facility has provided bed space for minors who reside in our circuit, as well as for seven other counties. Available bed space is provided to other counties on a per diem basis. The minors detained are accused of committing a crime and are awaiting trial in juvenile or criminal court and minors sentenced up to thirty (30) days as a court disposition.

The Regional Office of Education administers the academic program. Their involvement in coordinating services with the JJC has been beneficial for the residents' education. The educational program teaches all of the core curriculum areas: English, American History, General Science, Mathematics and Health.

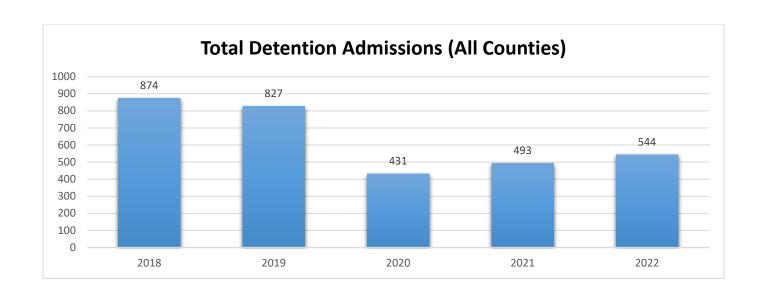

In 2022, there was a significant reduction of COVID-19 pandemic protocols. Despite this, the JJC remained vigilant by continuing to rapid test all residents who were admitted to the facility. In so doing, the JJC was able to proactively identify a handful of positive cases before they made a significant impact on the health of our residents and staff. As the pandemic guidelines for congregate care facilities gradually eased, the JJC responded by returning to normal classroom functions, in-person court and in-person visitation. One positive outcome of the pandemic restrictions was that the JJC and partnering counties became very adept at the use of virtual courtrooms, and some of our partners have opted to continue with this practice. This convenience has also been carried over for resident visits with counselors, probation officers and therapists and virtual appointments continue to this day. The most important change that occurred in 2022 was the implementation of the JJC's Reorganization Plan. This plan added 3 dedicated training and programming supervisors, 1 Operations Manager, the reassignment of the PREA Coordinator position, and the hiring of 2 full-time Mental Health Clinicians. The overall goal of these changes was to enhance and further develop the abilities of all direct-care staff in how to communicate more effectively for the purpose of identifying the residents' criminogenic needs. And in so doing, direct-care staff can then teach residents how to recognize and affirm these needs for the purpose of learning to change their thinking and become more consistent in regards to better decision making. In an effort to get at the core of residents' needs, managers implemented orientation meetings with all residents. It is at these meetings where rapport is established, programming is explained and each resident's needs are identified. Subsequent follow-up meetings are also conducted, on a weekly basis by assigned youth counselor advocates. Further exploration into each resident's criminogenic needs is continued, documented for reference, and used to assist with behavioral improvement. As for the overall aesthetics of the building, the JJC contracted with a local professional artist to have several new murals painted throughout the facility. The JJC also replaced old flooring and furniture in an effort to make the facility look less institutional. Lastly, a Resident Council was to established with a rotating group of resident and staff advisors to talk about ways to increase the building's safety, improve programming and build an alliance between residents and staff to promote a community of trust and learning. The first council meeting was conducted on December 21, 2022, and continues to meet on a weekly basis.

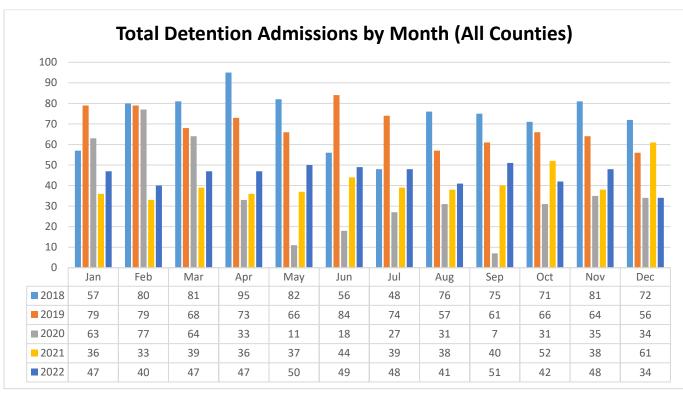

Focus groups provide cognitive-behavioral programming that is matched to the criminogenic needs of residents. Trained staff facilitate two focus groups per day in each unit.

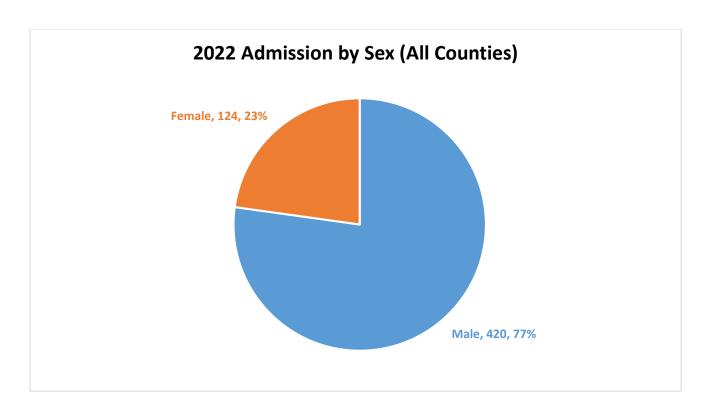

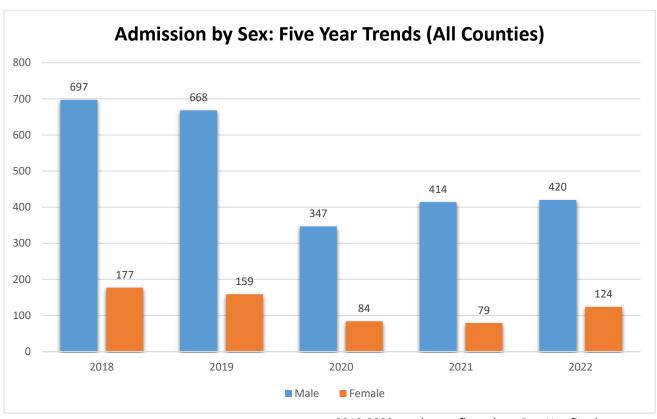

Youths at the JJC enjoy holiday activities throughout the year. Pictured above, Executive Director Aust joined a few residents to judge Christmas decorations made by their peers.

Kane County Diagnostic Center (KCDC) – The KCDC provides psychological evaluations, consultation reports, individual, family and group psychotherapy, specialized screening assessments and court testimony for Kane County. Examples of the wide variety of psychological evaluations done at the KCDC are: fitness to stand trial or be sentenced; preemployment screenings for the Kane County Merit Commission for Sheriff's Deputies, Corrections Officers, Court Security and 911 dispatch; evaluations for treatment recommendations or sentencing purposes; sex offender evaluations; sexually violent predator evaluations, sanity evaluations; risk assessments; Miranda assessments; transfer assessments and referral for assessments from probation caseload. The KCDC also ran two training programs for doctoral graduate students. KCDC additionally administers the Kids 1st Program which is the divorce parenting program that all divorcing individuals with minor children need to complete by statute. In 2022, the Kids 1st Program generated \$99,810 in fees collected. KCDC staff also provide crisis services as needed to the probation department and jail.

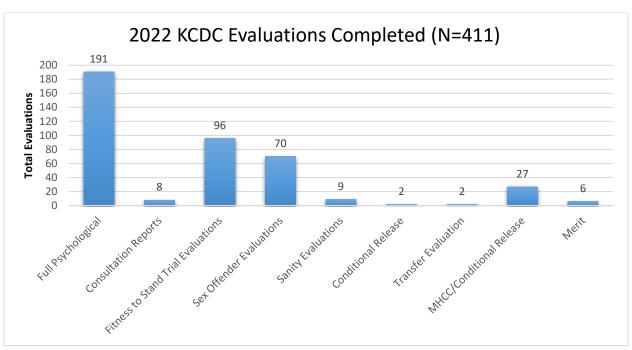

Subsequent to the COVID-19 pandemic, KCDC had modified its delivery of services to include telehealth capabilities for multiple services. Where applicable, KCDC continues to offer telehealth on an as needed basis for individual therapy, clinical interviews when necessary, and provides the Kids 1st Program in a virtual setting.

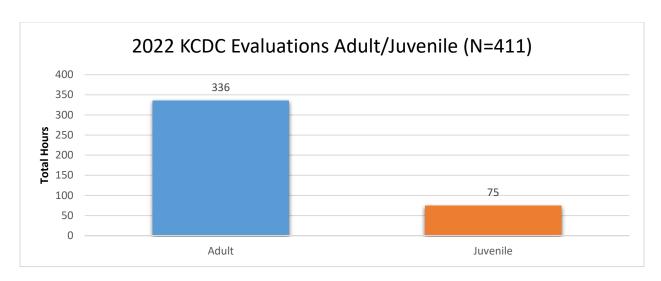

KCDC completed 411 evaluations and provided 821 service hours for treatment. The psychologists provided consultation services on both a formal and informal basis during 2022. KCDC additionally conducted 6 pre-employment screenings for 911 dispatch. The staff were available for court hearings, consultation with attorneys, the JJC, Probation, and participated as team members for the Specialty Courts. These consultant positions require over a half a day per week in team meetings and additional hours over the course of the week to meet the demands of these courts. The total number of hours dedicated to the specialty courts was 195. The specialty courts also require assessments to clarify diagnostic and treatment planning issues and thus KCDC completed those evaluations as well. During the year the team provided 40 hours of expert testimony, 10 hours of suicide assessments, and 1048 hours of supervision of our doctoral interns and externs. The staff at the Diagnostic Center also held 44 classes for the Kids 1st Program which had a total of 856 participants. Seven classes were offered in Spanish.

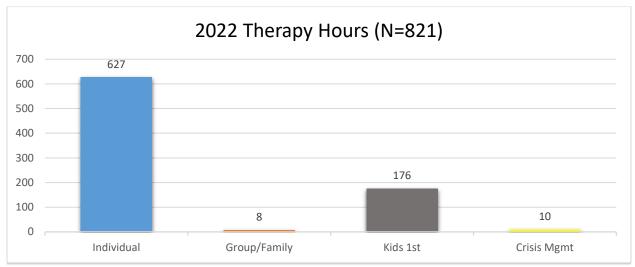

The staff from the Diagnostic Center participated in several county-wide committees and organizations: the Kane County Chiefs' of Police Association; Mental Health Task Force; Family Violence Council; the Fox Valley Juvenile Officer's Association; the Board of Directors for the Child Advocacy Center; the Association of Chicago Area Training Centers in Professional Psychology; the Juvenile Court System's Players Meetings; Kane County Hoarding Task Force and Court Services Sex Offender Task Force. They are also team members of the Adult Drug Court and Treatment Alternative Court. Numerous presentations were also given to county wide agencies and other governmental jurisdictions on a wide range of mental health and forensic topics.

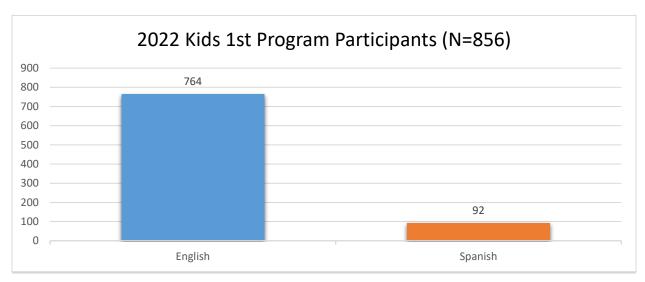

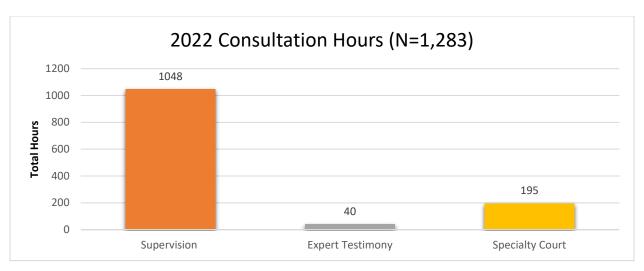

Staff from probation, detention, and the diagnostic center *must* take an oath before the Chief Judge whereby they promise to support state and federal laws while faithfully performing their duties (730 ILCS 110/10). While this is statutorily required, it's more of a welcoming ceremony and often attended by co-workers and family members. Chief Judge Hull pauses for a picture after swearing in Dr. Ashley VanOpstall of KCDC.

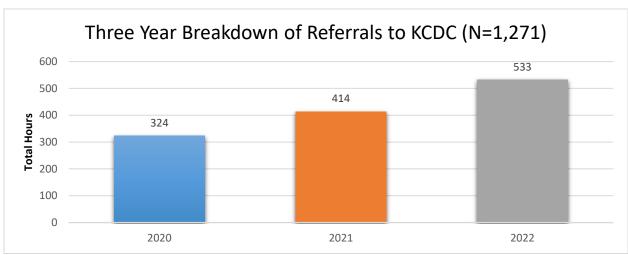

Probation-Related Statutes

STATUTE	DESCRIPTION
705 ILCS 405 Juvenile Court Act of 1987	Comprehensive statute that is the cornerstone of directing the juvenile court process. Outlines procedures for juvenile arrest and custody, detention and juvenile supervision. Additionally, this statute differentiates juvenile case processing to include pretrial proceedings, trials and sentencing. Also includes added provisions to ensure increased confidentiality measures.
Senate Bill 1552 Amends the Juvenile Court Act of 1987	(4.5) Relevant information, reports and records, held by the Department of Juvenile Justice, including social investigations, psychological and medical records, of any juvenile offender, shall be made available to any county juvenile detention facility upon written request by the Superintendent or Director of that juvenile detention facility, to the Chief Records Officer or the Department of Juvenile Justice where the subject youth is or was in the custody of the Department of Juvenile Justice and is subsequently ordered to be held in a county juvenile detention facility.
Senate Bill 2370 Amends the Juvenile Court Act of 1987	Provides that if the Court prescribes detention, and the minor is a ward of the Department of Children and Family Services, a hearing shall be held every 14 days to determine that there is urgent and immediate necessity to detain the minor for the protection of person or property of another. Provides that if urgent and immediate necessity is not found on the basis of the protection of the community, the minor shall be released to the custody of the Department of Children and Family Services. Provides that if the Court prescribes detention based on the minor being likely to flee the jurisdiction, and the minor is a ward of the Department of Children and Family Services, a hearing shall be held every 7 days for status on the location of shelter care placement by the Department of Children and Family Services. Detention shall not be used as a shelter care placement for minors in the custody or guardianship of the Department of Children and Family Services.

House Bill 3513 Amends the Juvenile Court Act of 1987	Amends the Juvenile Court Act of 1987. Provides that if a minor is committed to the Department of Juvenile Justice the clerk of the court shall forward to the Department all police reports for sex offenses allegedly committed or committed by the minor. Amends the Unified Code of Corrections. Provides that the Department of Juvenile Justice shall maintain and administer all State youth centers. Deletes provision permitting a person committed to the Department of Juvenile Justice to be isolated for disciplinary reasons. Provides that all sentences imposed by an Illinois court under the Code shall run concurrent to any and all sentences under the Juvenile Court Act of 1987. Provides that the target release date for youth committed to the Department as a Habitual Juvenile Offender or Violent Juvenile Offender under the Juvenile Court Act of 1987 shall be extended by not less than 12 months. Creates the Department of Juvenile Justice Reimbursement and Education Fund in the State treasury. Amends the State Finance Act to make conforming changes.
725 ILCS 5/110 Bail	This statute provides provisions for the fairness in criminal proceedings of establishing and administering bail and conditions of bail. Outlines procedures for release on recognizance, bailable offenses, determining the amount of bail, conditions of release, modification of conditions, and denial of bail.
725 ILCS 185 Pretrial Services Act	Provides for the establishment and operations of pretrial services agencies. Outlines pretrial functions, duties and services to be provided by the court. Additionally, this statute provides a framework for the gathering of offender information, verification of information, completion of risk assessments, pretrial interviews, reporting of non-compliance, record keeping, and provides provisions securing confidential information.
730 ILCS 5/5-3 Presentence Procedure	Outlines the procedures for the completion of Presentence Investigations and the creation and submission of Presentence Reports. Provides a framework for what investigative information should be contained in the report as well as the disclosure of reports.
730 ILCS 5/5-6 Sentences of Probation and Conditional Discharge	Outlines the grounds for which an offender may be sentenced to a term of probation or conditional discharge. Includes provisions for the imposition of intermediate sanctions for instances of non-compliance as well as exclusionary criteria.
730 ILCS 110 Probation and Probation Officers Act	Comprehensive statute which is the foundation for all probation-related work. Outlines probation related functions and duties. Provides provisions for the establishment of Probation and Court Services Fund, compensation, hiring requisites, and the creation and oversight of the probation Division of the Illinois Supreme Court.

730 ILCS 115 Probation Community Service Act	Allows circuit courts to develop of a system of Community Service whereby individuals are ordered to complete uncompensated labor for a non-profit organization or public body as part of a sentence to probation or other form of court ordered supervision.
730 ILCS 150 Sex Offender Registration Act	Comprehensive statute which establishes a system of Sex Offender Registration. Outlines what constitutes a sex offender or sexual predator, sex offender registration, DNA collection, public inspection of registration data and maintenance, verification requirements and duration of registration. Provides provisions for the discharge and release of sex offenders from treatment facilities, penal institutions and the like.
730 ILCS 166 Drug Court Treatment Act	Outlines the purpose, authorization and establishment of Drug Treatment Courts. Provides provisions for participant eligibility and exclusionary criteria, required treatment as well as guidelines for violation, termination and discharge of participants. Additionally, provides minimum requirements for continuing education of all stakeholders, including judges, prosecutors and public defenders.
730 ILCS 167 Veterans and Service members Court Treatment Act	Outlines the purpose, authorization and establishment of Veterans and Service members Courts. Provides provisions for participant eligibility and exclusionary criteria, required treatment as well as guidelines for violation, termination and discharge of participants. Additionally, provides minimum requirements for continuing education of all stakeholders, including judges, prosecutors and public defenders.
730 ILCS 168 Mental Health Court Treatment Act	Outlines the purpose, authorization and establishment of Veterans and Servicemembers Courts. Provides provisions for participant eligibility and exclusionary criteria, required treatment as well as guidelines for violation, termination and discharge of participants. Additionally, provides minimum requirements for continuing education of all stakeholders, including judges, prosecutors and public defenders.

STANDARD	DESCRIPTION
Illinois Department of Juvenile Justice Standard 2602.40 (h)	Any youth who has been detained continuously, or in the aggregate for the same offense, for more than 30 days must be brought to the attention of the chief judge and presiding judge of the juvenile court having jurisdiction in the case, the youth's parent or guardian, and youth's legal representative by the facility head.
Illinois Department of Juvenile Justice Standard 2602.130-A.2	Staff members shall maintain a record of visual contact with each youth no less than once every 30 minutes; however, visual contact for youth on crisis status shall be made at least once every 10 minutes. Crisis status is a determination made by a mental health professional or other designated staff member to provide for the safety of a youth experiencing crisis, including the designation of a crisis level and implementation of an individualized Crisis Care Plan.
Illinois Department of Juvenile Justice Standards 2602.170-I.1 & 2602.170-6	Room Confinement shall not be used for a fixed period of time. If room confinement extends beyond 4 hours an administrator and mental health clinician must develop an individual behavior plan to address the behavior.
Illinois Department of Juvenile Justice Standards 2602.210-1.a, 2602.210-1.b & 2602.210-1.d	Offer minimally 2 visits per week, including extended family, children and other concerned adults in consultation with court services. All visits must be 1 hour in length.
Administrative Office of Illinois Courts Detention Standard 3.3 (g)(h)(i)	(g) Detention officers shall receive a minimum of 40 hours of annual training after the first year of employment. Ongoing training should include re-certification in emergency safety procedures, sexual abuse/harassment issues, behavior management, as well as ongoing skill development in effective interaction with residents. (h) Supervisors and administrators shall complete a minimum of 40 hours of training each year. The training plan shall include staff development for both new and experienced supervisors and administrators. (i) For training to be eligible and recognized toward the required hours, it must be vetted through the Supreme Court of Illinois Judicial College's Committee of Probation Education (COPE) and approved by the Illinois Judicial College Board of Trustees.
Administrative Office of Illinois Courts Detention Standard 9.7 (I)	(I) Search protocols for visual inspection of unclothed residents shall not be routinely used as a matter of normal operating procedures. (i) When there is reasonable, individual, documented suspicion of contraband that cannot be identified through a pat down search, a visual inspection may be completed.
Administrative Office of the Illinois Courts Probation Casework Standards	Provides the framework and guiding principles for effective case management for individuals sentenced to a term of probation and other court ordered supervision. Provides provisions for intake, referral orientation and assessment of offenders. Outlines procedures for case management, including supervision strategies, contact standards, case planning, case termination, and coordination of ancillary assessments/evaluations.

Administrative Office of the Illinois Courts	Establishes that all sworn probation officers as well as
Standards	managers and supervisors of staff who interact with clients must be trained in CCP. After certification, staff are equipped
	with skills and interventions designed to build rapport, boost motivation, and change behaviors of clients. These Standards also mandate qualitative control measures and professional development opportunities.

TREATMENT PROVIDERS

	DESCRIPTION
Associates in Behavioral Health Care	Associates in Behavioral Health Care has been a member of Kane County's approved Anger Management provider list for many years. They have multiple locations throughout Kane, Cook and DuPage counties. Services include Anger Management, Partner Abuse Intervention Services (PAIP), parenting classes/Nurturing Parenting Assessments, DUI services, mental health services, and gambling treatment.
Association for Individual Development (AID)	The Association for Individual Development (AID) has a longstanding history with Kane County Court Services. Primarily serving the southern end of the county, AID provides a multitude of mental health related services to community members, and has been an active member of the Treatment Alternative Court (TAC) program for many years. Services include individual and group counseling, supportive housing services, case management, skill building, medication assistance, trauma treatment, alcohol and drug treatment, and crisis resolution.
Braden Counseling Center	Braden Counseling Center has been part of Court Services' Substance Abuse Assessment Education Provider (SAAEP) list for many years, and serves residents of Kane, Cook and DeKalb counties through its multiple locations. Provided services include anger Management, PAIP, DUI services, individual & family counseling, SMART Recovery, medication management, gender specific counseling, Secretary of State documents, and outpatient alcohol and drug treatment.
Mutual Ground	Mutual Ground (formerly Breaking Free) has been serving the residents of Aurora and Southern Kane County for over 40 years and is part of Kane County's SAAEP program. Services include Anger Management, Substance Abuse and early intervention services, Parenting Training, gender-specific recovery programming, and adolescent counseling services.

Care Clinics Inc.	Care Clinics Inc. has been serving the residents of Aurora and Southern Kane County for over 35 years and is part of Kane County's SAAEP program. Services include Assessments, DUI evaluations, Alcohol/Drug Risk Education, Early Intervention, Level I, Level II, IOP, instant and laboratory drug testing, aftercare/continuing care services and driver license reinstatement.
Community Crisis Center	The Community Crisis Center has a history of serving Northern Kane County and Elgin residents, and is a member of Kane County's approved Anger Management Provider list. Provided services include anger management, PAIP, Caring Dads program, and General Parenting Program.
Ecker Center for Mental Health	The Ecker Center for Mental Health has a longstanding history with Kane County Court Services. Primarily serving the northern end of the county, Ecker Center provides a multitude of mental health related services to community members, and has been an active member of the Treatment Alternative Court (TAC) program for many years. Services include individual and group counseling, supportive housing services, case management, skill building, medication assistance, trauma treatment, alcohol and drug treatment, and crisis residential services.
Edward Hines, Jr. VA Hospital	Edward Hines, Jr. VA hospital is a US Department of Veterans Affairs hospital serving Northern Illinois veterans and service members. Hines dedicates a Veterans Justice Officer (VJO) who serves on the Kane County Veterans Treatment Court (VTC) team. Hines is the primary treatment center for VTC participants, and provides a multitude of services including alcohol and substance abuse treatment, trauma programming, mental health services, and medical services.
Family Counseling Services	Family Counseling Services is an Aurora based Anger Management Approved Provider serving Southern Kane County residents. Provided services include Anger Management, PAIP, parenting classes, substance abuse services, and mental health/psychiatric services.
Gateway Foundation Inc.	Gateway Foundation Inc. provides a comprehensive alcohol and substance abuse services to Kane, Cook, Dupage, Lake and McHenry county residents. Gateway currently sits as an active member of the Drug Rehabilitation Court and Treatment Alternative Court providing substance abuse and dual diagnosis treatment to program participants. Gateway is also an approved provider under the SAAEP program. Provided services include MISA programming, residential drug and alcohol treatment and outpatient services.

Kuhn Counseling Center	Kuhn Counseling Center is an Anger Management approved provider serving the Tri-Cities area residents. Provided services include Anger Management, family counseling, couples counseling, and individual counseling.
Latino Treatment Center	Latino Treatment Center is a SAAEP approved alcohol and substance abuse provider serving Northern Kane County residents. Spanish speaking clinicians provide services including family & co-dependent services, assessment, outpatient, IOP, aftercare, and DCFS assessments.
Nickerson and Associates	Nickerson and Associates is located just outside of Kane County in Winfield, IL. They specialize in services provided to adult and juvenile sexual abusers and their families. Court Services began referring individuals on sex offender probation to Nickerson in late 2020.
One Hope United	St Charles based One Hope United provides Multi-Systemic Therapy (MST) and sex offender treatment to Kane County residents. Specializing in working with youth, One Hope United provides wrap around services to the families of minors. Additionally, One Hope United delivers assessment, group and individual counseling to juvenile and adult sex offenders.
Renz Addiction Counseling Center	Renz Addiction Counseling Center is an approved SAAEP provider serving Northern Kane County and Elgin residents. Renz also provides a liaison to the DRC team. Provided services include assessment, Early Intervention, Outpatient, IOP, DUI evaluations, family counseling, Passages Women's Program, Medically Assisted Treatment (MAT), Narcan services, SMART recovery groups, and alumni recovery groups.
Tools for Life	Tools for Life is a SAAEP and Anger Management approved provider serving Southern Kane County and Aurora residents. Provided services include Anger Management (group & individual), substance abuse treatment, and DUI services.
